# TECHNICAL DATA SHEET

## 1. Identification of the product and of the company/undertaking

**Product identifier**

| | |
|---|---|
| 82S4000101N | NET INTERFACE 150mm, 1/Pack |
| 82S4000501N | NET INTERFACE 150mm, 5/Pack |
| 82S6000501N | NET INTERFACE 225mm , 5/Pack |
| 82S3000501N | NET INTERFACE 125mm, 5/Pack |
| 82S2000501N | NET INTERFACE 77mm, 5/Pack |

**Details of the supplier:**

Company: Mirka Ltd
Address: Pensalavägen 210
FI-66850 Jeppo, Finland
Phone: +358 20 760 2111
National contact: sales@mirka.com

## 2. Product description

This interface attaches to a power tool's backing pad to allow the use of non-woven abrasives. It enables efficient dust extraction and makes the non-woven product stick well to the power tool, without the abrasive fibres getting stuck in the backing pad. The Net Interface is suitable for use with Mirlon®, Mirlon® Total and abrasives with Multifit® hole configuration.

Thickness: 4 mm.
