

Mom's Meals®

Improving life through better nutrition at home

At Care N' Care (HMO/PPO), we recognize the importance of having access to the right nutrition, which is why we have partnered with Mom's Meals. Whether recovering from a stay in the hospital or skilled nursing facility or managing a chronic condition, we ensure members get the nutrition they need for better health at every stage in life

Members under care management with certain chronic conditions may be eligible to receive healthy meals as part of a supervised program to transition to a lifestyle modification. The benefit is only eligible to members post discharge and under care management with certain chronic conditions including AIDS, asthma, chronic obstructive pulmonary disease (COPD), congestive heart failure, coronary artery disease, diabetes, hypertension, and chronic kidney disease (CKD).
