

A worker in a grey t-shirt, black pants, and safety glasses is using a Mirka DEXOS 1230 dust extractor. The machine is yellow and black, with a black workstation attached to the top. The workstation has shelves and hooks holding various tools and accessories. The worker is in a workshop setting with large windows in the background.

Organise.  
Access.  
Work Dust-Free.

# Workstation for Mirka® DEXOS 1230

## All-in-One Efficiency

Keep your tools, abrasives, and dust extractor in perfect order and within reach. With full access to the dust bag – no disassembly needed – the Workstation for Mirka® DEXOS 1230 is designed for maximum productivity in any workshop or job site.

Improve your ergonomics and workflow with a modular system that adapts to your needs.

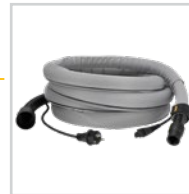

The workstation includes shelves and hooks for sanding and polishing accessories. The hole pattern in the workstation panel is the same as on the Mirka® Modular Trolley, which means that all hooks and shelves designed for the trolley can also be used here for flexible customization.

The robust construction is easy to assemble and attaches directly to the DEXOS® 1230 with four screws, ensuring quick setup and long-lasting performance.

# Workstation for Mirka® DEXOS 1230

## Smart Hose & Cable Management

Keep 4, 6 or 10 m hoses (1) and electrical cables (2) organized, tangle-free, and safe.

## Tool Wall with Hooks

Keeps tools and accessories organized and within easy reach.

## Tool Holder

For DEROS® II, DEOS® II, DEROS® RS, POLAROS® and also for older DEOS and DEROS tools (DEROS RS and POLAROS holders available separately).

## Shelves for Abrasives & Storage

Two sturdy shelves hold up to six boxes of 150 mm discs and provide a convenient surface for placing tools and accessories during work.

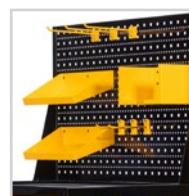

## Direct Fit

Mounts directly onto the DEXOS 1230 container.

## Dust Bag Access

Quick replacement without removing the workstation.

## Modular System

Compatible with Modular Trolley hooks & shelves.

## Compact & Space-Saving

Combines extractor + workstation in one efficient unit.

## Durable Construction

Built for professional use with robust, workshop-ready materials.

# Workstation for Mirka® DEXOS 1230
