

Drivewyze® +

Connected Truck Leaders

Unite to Keep Trucks Moving

Drivewyze and Bestpass partner to bring streamlined access to the widest, most advanced network of weigh station bypass and toll service available.

FOCUSED ON KEEPING YOUR BUSINESS MOVING

At Drivewyze, we know how important it is to get your goods from point A to point B in a timely, safe, and efficient manner. Since day one, our Drivewyze ecosystem has put the safety and needs of drivers and fleet professionals first, helping us work toward our vision of a transportation ecosystem with zero crashes and zero fatalities.

A shared vision for safety. We are always on the lookout for like-minded organizations who share this vision to partner with Drivewyze. We are excited to welcome our newest partner who shares this drive: **Bestpass.**

Bestpass offers the most comprehensive toll coverage available to fleets. While tolls are a reality of our industry and managing the transponders and payments can be challenging, it doesn't have to be a headache.

Bestpass provides support, insight, and eliminates headaches by simplifying toll into one statement, one payment, and one service.

MARKET-LEADING TOLL SERVICE

100% coverage of all major toll routes

Toll payment management for 50 tolling agencies

North America's most comprehensive toll services provider

ADVANCING THE CONNECTED TRUCK ECOSYSTEM

This relationship is another step forward in the connected truck ecosystem, where service providers build simpler, more powerful solutions for transportation organizations with an aim of improving the fleet and driver experience. Drivewyze and Bestpass will work together to take tolling and bypass to the next level with unparalleled technology, analytics, and best-in-class customer support.

We have started by creating toll trip reports that can be used to answer questions around violations, overcharging, or possible fraud providing a source of truth based on Drivewyze's high-accuracy GPS event data.

This collaboration will also ensure a smoother onboarding process, one where Drivewyze and Bestpass customer support teams work together to give fleets access to our leading coverage networks faster and more easily than ever before.

ANSWERING QUESTIONS YOU MAY HAVE...

How will we all work together?

We will each continue to focus on our customers and offer the best-in-class solutions for bypass and toll. We are partnering together to make it a seamless experience to find the best solution for you or your fleet.

As a Bestpass customer - how will this impact me?

If you are a Bestpass customer already, our relationship will not change. Bestpass will continue to offer you the most comprehensive toll coverage and best tolling solution for you, using the same transponder you are already using.

As a Drivewyze customer - how do I learn more about Bestpass?

If you are not currently using Bestpass for toll, we can introduce you and help you decide if Bestpass is the best toll provider for you. Talk to your Customer Success Manager to learn more.
