

Warn drivers before hazards along their route.

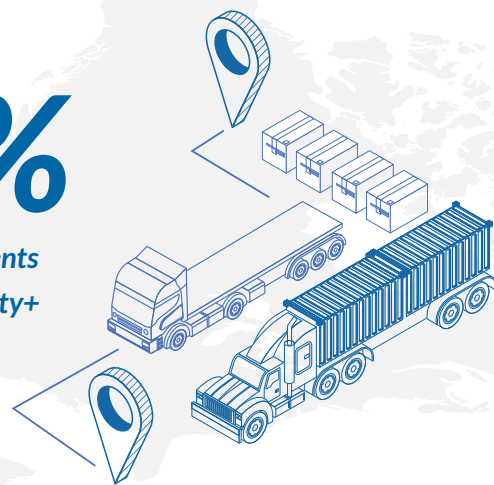

Drivewyze[®] Safety+
By Fleetworthy

Know what's around the corner with Safety+ Premium Alerts.

Drivewyze Safety+ works to prevent safety incidents with proactive, location-based in-cab driver coaching. This premium, paid safety service has been designed to require minimal set up and maintenance with custom alerts and up-to-date data feeds.

22%

*reduction in incidents
for fleets using Safety+*

Mitigate Operational risks and citations

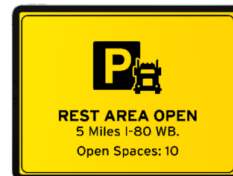

assess fleet and driver safety

safety program tailored to your fleet

Proactive alerts at 2,600+ hotspots in the US and Canada

Premium Alerts

SEVERE WEATHER

Alert drivers as they approach potentially dangerous weather or poor road conditions.

Available across the US & Canada.

SPEED ALERT

Drivers are alerted on nearly 500 locations where speeding violations commonly occur.

Available across the US, Alberta, & British Columbia.

CARGO THEFT

Alerts drivers when they are entering high risk areas identified by CargoNet®. Our up-to-date and location-based cargo theft alerts help drivers stay safe in unfamiliar areas.

Available across the US & Canada.

Personalize Your Alerts

Easily build your own in-cab alerts with audio and visual cues to keep drivers informed as they approach hazards or protocols.

CUSTOM ALERTS

It's easy to communicate with our location-based custom alerts. Custom alerts are an easy-to-use method to set up alerts in locations where you need to send targeted communication to your drivers.

Available across the US & Canada.

Western Express

Benchmarks and Coaching

Monitor driver performance in critical locations

Focus in on trouble areas and see how your drivers are responding to the road ahead.

Understand speeding incidents

Easily see how you compare to industry benchmarks and how speeding incidents in key locations trend over time.

Communicate with your drivers, your way

With Drivewyze Safety+ you unlock additional coaching tools in Drivewyze Hub, like the ability to create your own location-based driver alerts.

Whether it's proactive coaching to curb speeding or reinforcing safe driving practices, Drivewyze Safety+ helps improve safety outcomes for your fleet.
