

A masterful blend of universal detoxification agents, Ultra Binder® is designed to help cleanse the body of many contaminants. Providing comprehensive detox support, our binder is powered by activated charcoal and bentonite clay, which helps capture toxins in the gut, supporting your body's purification processes.*

HOW BINDERS WORK - Bodies contain toxins. The liver processes unwanted substances, transporting them through bile ducts that empty into the digestive tract. But that's where a risky cycle can occur: Intestinal cells readily reabsorb many toxins, perpetuating the accumulation of these pollutants. Ultra Binder acts to intercept harmful toxins in the gut, helping to minimize reabsorption and eliminate them through your stool.*

SKU: Q-1029

ALL IN ONE TOXIN BINDING REMOVAL*

There is no one binder that captures every type of toxin in the body. In fact, specific binding agents tend to have an affinity toward one or two contaminants. Multiple binders in one formula helps ensure optimal detoxification from all angles.

Our specialized **activated charcoal** readily binds endotoxin, an irritant that's elevated when gut microbiota is out of balance. **Bentonite clay** and **chitosan** absorbs mycotoxins among other contaminants, and our proprietary **silica extract** is designed to grab damaging heavy metals, ushering them out of the body.†

INHIBIT FREE RADICAL DAMAGE*

Mobilized toxins trigger the creation of free radicals that can harm your cells and tissues. The bonding agents in our Ultra Binder are designed to help reduce free radical production, insulate your body throughout the detox process, and support a healthy inflammatory balance.‡

OPTIMIZE GUT FUNCTION*

Daily bowel movements help eliminate many toxins through the stool. Yet some binders may lead to occasional constipation. The **aloe vera** and **acacia gum** compounds in our Ultra Binder contain soluble fiber that fights this coactively: gently promoting gut motility while supporting the growth of beneficial bacteria to aid successful detoxification.‡

Supplement Facts

Serving Size: 4 capsules (1.8grams)
Servings Per Container: 30

	Amount Per Serving	% Daily Value*
Dietary Fiber	0g	5%
Fiber/Clay Proprietary Blend:	1.36g	**
Fibregum™ Bio (gum Arabic), Zeolite, Sodium Bentonite Clay.		
Proprietary Blend:	1.8g	**
Activated Charcoal, Chitosan, BioAloe® Aloe Vera leaf, Silica extract†.		
**Daily Value (DV) not established		
% Daily Values are based on 2000 calorie diet		
† IMD (Proprietary thiol-functionalized silica-capsules)		
Other Ingredients: Plant-derived cellulose capsules)		

SUGGESTED USE: Take 4 capsules with 8 ounces of water once daily or as directed by a healthcare professional. Take 30 minutes before or 2 hours after meals or medications. If pregnant, breastfeeding or planning to become pregnant, consult your physician before use.
