CBD + MELATONIN

Our full spectrum hemp extract contains the complete array of phytocannabinoids from the hemp plant, including CBD and a Farm Bill-compliant level of THC to support sleep duration and quality. Supplemental melatonin helps realign healthy sleep/wake cycles.*

5-HTP + GABA

5-hydroxytryptophan (5-HTP) is a precursor to the feel-good neurotransmitter serotonin, and serotonin can help make melatonin, making 5-HTP an effective component to this blend. GABA, our calm and connect neurotransmitter, helps calm the body and mind.

SOOTHING BOTANICALS

The time-honored herbs passionflower and skullcap have been used by herbalists for centuries to support relaxation and reduce tension and have synergistic effects alongside supplemental CBD and GABA.*

Keep out of reach of children.

Product contains a total delta-9-tetrahydrocannabinol concentration that does not exceed 0.3 percent on a dry-weight basis.

WARNING: Consuming this product can expose you to chemicals including 9 -Tetrahydrocannabinol (9 -THC), which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov/food.
