

TRANSAMERICA PUTTING INVESTORS FIRST

OUR INVESTOR FIRSTSM PROCESS

We believe no single investment firm is the best at managing every asset class. That's why we take a diversified approach that applies the portfolio management experience of numerous and varied asset managers throughout the industry to give your clients a full range of investment strategies.

The *Investor First* Process allows us to provide access and oversight into opportunities investors are looking for. Our process and philosophy have led us to becoming a pioneer in the sub-advised mutual fund business. We know how to select and monitor a diverse array of money managers in order to seek better investment results.

HERE'S HOW IT WORKS:

ANALYZE

Step 1: Quantitative Analysis

We apply quantitative metrics to review strategies delivering competitive returns, style consistency, and sound risk mitigation.

EVALUATE

Step 2: Qualitative Analysis

With a forward-looking approach, we analyze the manager's investment philosophy, portfolio construction process, organizational structure, and other pertinent factors.

SELECT

Step 3: Investment Manager Recommendation

Through an objective, evidence-based, and collaborative process, these quantitative and qualitative analyses are combined to form a recommendation that is vetted by our Investment and Investment Risk committees.

MONITOR

Step 4: Continuous Monitoring

Fund managers are continuously monitored on a daily, weekly, monthly, and quarterly basis for investment performance, adherence to style, compliance with objectives, and other important criteria. Managers not meeting expectations are subject to replacement.

There are no sales charges for Class I shares. Class I shares are primarily offered for investment to institutional investors including, but not limited to, fee-based programs, pension plans, and certain endowment plans and foundations.

The minimum investment for Class I shares is \$1,000,000 per fund account, but will be waived for certain investors.

Morningstar Rating™ is based on a risk-adjusted returns.

Source: ©2023 Morningstar, Inc. All Rights Reserved. The information contained herein is proprietary to Morningstar and/or its content providers; may not be copied or distributed; and is not warranted to be accurate, complete or timely. Neither Morningstar nor its content providers are responsible for any damages or losses arising from any use of this information. For each fund with at least a 3-year history, Morningstar calculates a risk-adjusted return measure that accounts for variation in a fund's monthly performance, placing more emphasis on downward variations and rewarding consistent performance. The top 10% of funds in each category receives a Morningstar Rating™ of 5 stars, the next 22.5% receive 4 stars, the next 35% receive 3 stars, the next 22.5% receive 2 stars, and the bottom 10% receive 1 star. (Each share class is counted as a fraction of one fund and rated separately.) A fund's overall rating is derived from a weighted average of the 3-, 5-, and 10- year (if applicable) rating metrics. Morningstar Rating™ is for the indicated share class only; other classes may have different performance characteristics. Morningstar Rating™ does not include any adjustment for sales load, which would lower performance. Past performance does not guarantee future results.

During periods of market disruption (e.g. COVID-19), which may trigger trading halts, the fund's exposure to the risks described in the prospectus will likely increase. As a result, the value and liquidity of the fund's investments may be negatively affected.

Mutual funds are subject to market risk, including loss of principal. Past performance is not indicative of future results.

Mutual funds are sold by prospectus. Before investing, consider the funds' investment objectives, risks, charges, and expenses. This and other important information is contained in the prospectus. Please visit transamerica.com or contact your financial professional to obtain a prospectus or, if available, a summary prospectus containing this information. Please read it carefully before investing.
