Product Guide

Payroc Choice

Pricing programs

RewardPay Choice

Payroc's compliant surcharging program that automatically adds a surcharge fee. The surcharge only applies to credit, not debit or pre-paid cards, and generally saves a merchant 50-70% in processing fees.

- Available in every state except CT, MA, and ME.
- Same-Day Money Express included with no additional cost
- Cumulative collected amount must be between 3.25-4%
- Can add optional per transaction fee
- Max 3% surcharge to cardholder for credit transactions only, not debit. In OK, max 2% to cardholder.
- Debit to be Flat Rate (min. 1.25% + \$0.25 per trans) or Interchange Plus

ConsumerChoice

Payroc's compliant dual-pricing program that displays to the customer the listed card price and the discounted cash price. 3.5-4% spread for all cards makes this your highest revenue pricing program.

- Available everywhere in the U.S.
- No PIN debit
- Same-Day Money Express included with no additional cost
- Merchant's advertised price is card price
 - Merchant should raise their prices the same % as the discount
- Can eliminate 90-100% of the cost of card acceptance

Cost \$35.95

per merchant per
month

Equipment

Payroc App & Gateway & Fluidpay

Cost \$35.95

per merchant per
month

Equipment

Payroc App & Gateway & Fluidpay

Standard Pricing Programs

Tiered

Simplifies all processing rates into three basic tiers: qualified, mid-qualified, and non-qualified.

Interchange Plus

Pass the cost of interchange & card fees directly to the merchant & adds a flat processing fee %, per item fee, and/or authorization fee.

Flat Rate

All transactions are billed at one flat rate. Most simple for merchants to understand. Due and Assessments apply.

Petroleum/Fuel

You can board merchants that need to accept pay-at-the-pump or fleet cards like WEX.

This is on Paysafe and requires a paper application.

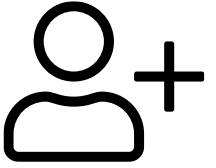

Lodging

You can serve merchants needing the lodging industry's check-in/check-out feature.

This is on Paysafe and requires a paper application.

Other Programs

Major Merchant Referral

Use Payroc's internal experts to win opportunities that need deep sales engineering or complex processing requirements.

- Connect with your sales leader to help you evaluate the opportunity
- Payroc will run the sales cycle to the end of two outcomes:
 - If **WON** – agent will be responsible for all paperwork/addendums
 - Sales will be eligible for 70% of the total revenue generated. Downlines from that 70% will be paid at agent's Schedule A.
 - If **LOST** – Payroc shares the 'why' back with the agent

Why Rent or Lease?

Our rental and leasing programs offer your merchants an alternative to upfront equipment costs by providing the option of paying a lower, monthly payment. These programs also offer our sales agents lucrative bonuses/commissions. Both programs are provided by TCG, LLC.

Leasing

After install and verbal of the lease agreement, agents are paid a one-time commission based on the monthly lease payment, the merchants national risk score, and the agent's leasing percentage per the ISR agreement. (All expenses such as equipment and shipping, will be deducted from the commission.)

Renting

After install and verbal of the rental agreement, agents are paid a one-time bonus based on the equipment rented and monthly payment. (Agent has no expense of equipment or shipping.)

Underwriting Guidelines

to Expedite Merchant Applications

Banking

Acceptable Documents

- Voided check w/ company information printed on them
- Bank letter
- Bank statement that lists both account and routing numbers – fully visible/not redacted

Rental Program Terms

- Monthly rental amount must follow the rental grid. Rentals completed with amounts differing from the grid will not be approved and will need to be rewritten.
- PIN Pads: To include Dejavoo V6, First Data RP10, Ingenico Desk 1500, or Valor VL300 (not the Newland P180), increase the monthly rental amount by \$10. Commission will not increase, however, there will be no cost to the ISR for the PIN pad.
- Cash Drawers: To include a cash drawer in the rental of a Clover Solo Station Bundle and Clover Duo Station Bundle, increase the monthly rental amount by \$10. Commission will not increase, however, there will be no cost to the ISR for the cash drawer.
- PAX Charging Stations: To include a charging station in a rental (PAX L920Pro-BE or PAX L920-BM), increase the monthly rental amount by \$10. Commission will not increase, however there will be no cost to the ISR for the docking station.
- Agent will not be billed for equipment or shipping charges with the TCG Rental Program.
- A voided check (or bank letter) and driver's license (Valid Photo ID) must be submitted along with the Equipment Rental Agreement.
- Pictures of the agreement will not be accepted for funding. TCG will only accept the original copy via mail, scans using a smartphone app, or forms submitted through the online digital application.
- A verbal (contract confirmation call) will be made after install & must be completed with the signor of the Equipment Rental Agreement.
- Rental bonuses will be paid after both the install and verbal are complete.
- Lead Generator bonuses will be deducted from agent's rental bonus commission (standard rental lead generator bonus rates apply).
- Merchant must make the 1st 4 payments for the bonus to be vested.
- Cancellation: A merchant must submit a cancellation letter and return all equipment on the rental agreement to TCG to cancel their rental payments.
