

Discover the Ultimate POS System

The Clover Duo is a sleek, customizable point-of-sale system that makes running your business easier.

Restaurant

Experience a POS system that's smart enough to keep the front and back of house in sync. With Clover Dining built in, it's powerful enough to do it all from one system, so you can focus on your customers.

Retail

Run your shop in style with one powerful system. Manage inventory, easily handle returns and exchanges, oversee your staff, and run sales reports from one intuitive system that accepts payments at the touch of a button.

Service

Amplify your business with a POS customized to your needs. From payments and revenue reports to business management and employee scheduling, Payroc can streamline your operations with the best tools in the industry.

- ✓ Run your entire business on a single smart POS system.
- ✓ Accept all payment types with maximum security in each transaction.
- ✓ Drive contactless payments and submit contact information and preferences with dual displays.
