## Why you'll love working with us

Out with the old ways, in with the new policies. No forms, no hassles, no headaches.

#### Simple to quote, easy to bind

Our product suite gives your small business clients customized coverage in minutes. See how simple (and fast) it is to get a quote.

#### One portal to rule them all

A seamless experience from quote to renewal, and beyond – including accounts, invoices, a handy appetite checker, and rewards program built in.

#### **Cut the cord with ACORDS**

Say goodbye to outdated ACORD forms and paperwork. No signatures on bind. No mandatory loss runs. With Attune, our portal is the application.

#### Live customer support

Our responsive, dedicated team of underwriters and customer support agents are available via chat, phone, and email to help answer questions or provide policy support.

#### Paperless direct bill

Our online experience doesn't just benefit you, it benefits your clients. With our online and direct billing, your clients receive immediate notifications about payment confirmation, policy status, and due dates.

### Intelligent automated underwriting

Our team of insurance experts combine technology and big data analytics to determine the eligibility of most risks in minutes.
