OUR DIFFERENTIATORS

Our six product differentiators build on these benefits and give our customers more reasons to love us:

Simple to quote, easy to bind

Our product suite gives your small business clients customized coverage in minutes. See how simple (and fast) it is to get a quote.

Cut the cord with ACORDS

Say goodbye to outdated ACORD forms and paperwork. No signatures on bind. No mandatory loss runs. With Attune, our portal is your application.

Live customer support

Our responsive, dedicated team of underwriters and customer support are available via chat, phone, and email to help answer questions or provide policy support.

Paperless direct bill

Our online experience doesn't just benefit you, it benefits your clients. With our online and direct billing, your clients receive immediate notifications about payment confirmation, policy status, and due dates.

Intelligent automated underwriting

Through technology and big data analytics, we're able to determine the eligibility of most risks in minutes.

One portal to rule them all

A seamless experience from quote to renewal, and beyond – including accounts, invoices, a handy appetite checker, and rewards program built in.
