

# Try the **Working Trial Balance beta** in Xero Workpapers

Xero Workpapers is improving for Canadian practitioners to make year-end statement preparation more efficient, integrated, and help save you time with the launch of the Working Trial Balance beta interface.

You can now generate a read-only version of the Working Trial Balance report to easily view and validate the effect of postings immediately on the adjusted trial balance and identify any potential errors when reviewing year-end journals.

This interface is available exclusively for Canadian practitioners for now, with additional feature enhancements to come.

## To access this beta:

*If you already have a Xero Workpapers account:*

- 1 Sign the [Participant Agreement](#)
- 2 Submit a request via this [Xero Central form](#)

*If you **do not** have a Xero Workpapers account:*

- 1 Sign up for a [Xero Workpapers free trial](#)
- 2 Sign the [Participant Agreement](#)
- 3 Submit a request via this [Xero Central form](#)

**That's it.** You will be added to the beta within 3 business days of submitting your request. When you log into your Workpapers account, you will see a product tour highlighting the Working Trial Balance button in the top right. Please note that if the Working Trial Balance beta does not appear after 3 business days, please contact [Xero Support](#). For more information, contact your Xero account manager.

**We look forward to hearing your feedback to help shape the future of the Working Trial Balance in Canada**
