

PORTABLE BLEACHERS

husseyseatingTM
YOUR PARTNER FOR SEATING SOLUTIONS

Portability, Flexibility and Safety – All In One!

MAXAM 1™ Portable Bleachers

The next generation in portable bleacher seating is MAXAM 1™. Designed to be the safest and most comfortable portable bleachers available, MAXAM 1™ Portable Bleachers quickly bring the safety, comfort and durability of large gym bleacher systems to nearly any spot on your facility's campus.

One person. MAXAM 1™ Portable Bleachers are designed for quick & easy one-person transport and one-person operation. Hussey's legendary attention to detail means MAXAM 1™ was created with your environment in mind – whether that means fitting through tight doorways and onto elevators, or providing the safest portable bleacher system to own and operate.

One design. As the first – and only – closed deck portable bleachers to offer ergonomically contoured polymer seats, MAXAM 1™ delivers unmatched comfort. MAXAM 1™ Portable Bleachers aesthetically match our MAXAM telescopic bleachers for a seamless gymnasium appearance. Easily pump up the spirit with our customization options; you can even choose the decking material that works best for you.

Get the one changing the game. Take the great quality and durability of MAXAM anywhere you want to go – our tough yet lightweight aluminum frame means you can use MAXAM 1™ virtually anywhere*. Take your seating from courtside to rink-side, indoor pool to cafeteria, auditorium stage to meeting room with a new level of ease, safety and comfort backed by a best-in-class 5-year manufacturer's warranty.

Get Seating with More Safety and Comfort

One safe solution– anywhere, anytime! Safe seating is our first priority as well as yours. MAXAM 1™ sets a new standard for tip & roll bleachers by featuring a closed deck design to eliminate fore to aft openings and actively prevent foot slip-through injuries. Choose from classic wood decking or slip-resistant Polydeck in several colors. The gas strut controlled descent and lift assistance prevents back injuries and limit liability.

One comfortable solution. Comfortable portable bleachers are no longer a dream with MAXAM 1's™ CourtSide™ polymer seat modules. Incorporating a unique fore to aft contoured seat and a gradual "waterfall" curve on the forward edge, they reduce pressure to the thighs regardless of leg position. Seat spacers with or without cup holders are also available.

Complete Customization Options

One simple move. Designed to fit through a door as narrow as 32" (813mm) wide, MAXAM 1's™ multi-directional casters make it easy to get your seating to where it's needed. You're not stuck courtside anymore – take MAXAM 1™ Portable Bleachers all over campus. Since it will even fit onto common freight elevators or large capacity passenger elevators, you can easily move units from floor to floor.

Engineered for Easy Use Facility-Wide

One minute – one person. We engineered MAXAM 1™ Portable Bleachers to be operated by a single person. Just extend each of the traction arms, tip the unit, give it a gentle push to lock it down, and it is ready to go. Gas struts provide a controlled descent and lift assistance to ensure easy operation. No more waiting for a crew or scheduling extra labor – just keep saving labor time and cost for the entire life of your seats.

One answer – anywhere. MAXAM 1™ Portable Bleachers fit in just about anywhere – schools, colleges, fitness clubs, retail & corporate training areas, recreation facilities, community centers, sports fields and playgrounds. Handling larger groups is easy – simply connect multiple units together. You can even use it outdoors temporarily in protected areas*. Get creative, and think outside the gym!

The end of each seat row or the front of the bleacher offers a spot for your school's logo, mascot, or spirit message. These durable graphic logos are full-color and customizable.

Colors

Choose from 15 standard interior colors for our CourtSide™ seat modules, or opt for custom color matching to turn up the school spirit.

Hussey Seating Company™

The Hussey Seating Company story dates back to 1835 with William Hussey's tremendously successful plow design, and thus, the Hussey Plow Company was born. As times changed over the years, the family set about reinventing the business, evolving into the company that is now seating the world. Today, under the sixth generation of family leadership, Hussey Seating Company is proud to be known as the leading manufacturer of seating solutions throughout the world – in stadiums, arenas, schools, universities, colleges, places of worship and anywhere people gather.

Your partner for seating solutions.
