

Quattro

TRADITIONAL SERIES

Choose a perfect blend of old and new.

The Quattro® Traditional Series harkens back to an earlier era, while delivering the most modern standards of ergonomic comfort.

With the addition of a traditional stanchion and end panel, Quattro provides an elegant solution for those who prefer a more classic look. It's also a perfect solution when retrofitting to match an existing décor.

This unique design flexibility allows you to create your traditional look by selecting any one of our Designer, Classic, Softside or Performance series backs. Add a quilting option for the seat and back for that custom look. Finish off your Traditional Quattro with one of the four end panels offered with this series.

Be on the safe side.

With spectator seating, it's essential to play it safe.

Our signature seat back design extends below the seat to keep toes from getting pinched. Low-profile hardware and fasteners and an enclosed hinge mechanism deliver an attractive design that's tamper-resistant as well.

The Quattro Traditional Series is backed by a limited lifetime warranty — the best in the business.

A blend of traditional styling and contemporary performance
