

Hybrid Cloud Storage for Video Surveillance

*Compliant, Secure, and Affordable Surveillance
Video Storage for the Cannabis Industry*

Customer Challenges

Whether you are a cannabis grower or dispensary, there are an exhausting amount of regulations and compliance requirements that need to be met in order to remain profitable.

When auditors come calling, you must have fast and easy access to video surveillance footage or risk steep fines and penalties, but these strict video surveillance storage requirements come at a hefty cost which could impact your path to profitability.

**More cameras +
higher resolution**

=

larger data files

**Increased data
retention requirements**

=

longer-term storage

**Traditional hardware
has limited lifespan**

=

Expensive maintenance

Our Solution

Wasabi's affordable Hybrid Cloud Storage solution is designed to work with your VMS to ensure you have instant access to video files while never running out of storage capacity.

Hot Features

- Instant access to your video files
- Regulatory compliance to key industry and IT standards
- No egress fees to keep your storage costs predictable & affordable

Major Benefits

- Meet video retention requirements with offsite/cloud storage
- Mitigate risk of ransomware attacks and reduce liabilities
- Predictable, low costs without capacity limitations

Wasabi for video surveillance provides the perfect solution with Hybrid Cloud Storage!

Disruptive Cost Savings

Save 80% compared to AWS S3 storage costs

Industry Leading Performance

Instant access compared to 5-15 hours

Trusted/Comprehensive Security

11 9s of data durability

Regulatory Compliance Frameworks

CJIS, HIPAA, ISO 27001, SOC2, PCI-DSS
