Scalable cloud-based enterprise backup with Zmanda Endpoint and Wasabi

What is Zmanda Endpoint Backup?

Zmanda Endpoint Backup (ZEB) provides enterprises and SMBs a scalable, cloud-based, centrally-managed endpoint backup solution. With a setup time of less than 10 minutes, get the reliability of Zmanda's proven backup engine.

Its enterprise-class features give you robust control over your organization's backups while still being simple to administer. With Zmanda Endpoint Backup, companies can ensure data stored on corporate laptops and desktops is protected.

Why Zmanda and Wasabi Are Better Together

Zmanda Endpoint Backup powered by Wasabi is ideal for enterprises and SMBs looking for a Windows laptop and desktop backup solution that is easy to deploy, simple to administer, and has predictable pricing.

Whether you are securing your data or meeting compliance requirements, Zmanda Endpoint Backup delivers a standalone, cloud-based, centrally managed solution that is affordable and fast to deploy.

- Bundled cloud storage powered by Wasabi

- Affordable, all-inclusive, per-employee pricing

- Strong security with client-side encryption, RBAC (role-based access control), and SSO (single sign on)

- Ransomware detection to alert administrators of potential ransomware and secure backed-up data

- Organization management for centralized backup administration

- MDM (Mobile Device Management) support for streamlined agent deployment

KEY FEATURES

- Scalable enterprise backups with Wasabi Hot Cloud Storage automatically included

- Simple, Click of a button configuration

- Per-employee pricing bundled with Wasabi Hot Cloud Storage

BENEFITS

- Control and protect employee generated data through Centralized management

- Managed security and integration to reduce administrative overhead

- Single-tier backup allows you to restore and download your data on the fly with no wait time

Zmanda is a proven, reliable, open source-based enterprise backup & recovery since 1991. The features you need at 80% less than the competition.

Wasabi Hot Cloud Storage Delivers Breakthrough Economics and Performance

Wasabi is the hot cloud storage company delivering low-cost, fast, and reliable cloud storage on-demand. Wasabi's solution is 80% less expensive and is faster than first-generation cloud vendors. Wasabi Hot Cloud Storage is designed with eleven nines (99.999999999%) of object durability and data immutability that guarantees stored objects cannot be deleted or modified by anyone. Not only is Wasabi 80% less expensive to store data than traditional cloud providers, but there are also no fees for egress or API requests. Wasabi keeps all data "hot" so it can be accessed in milliseconds. All Zmanda and Wasabi customers can treat their data as hot data, so they can shorten upload windows and quickly access their data for faster restore times.
