Basware Assistant

The Basware logo consists of the word "basware" in a white, lowercase, sans-serif font, centered within a blue rounded rectangular box.

Simplify Operations, Spend Smarter.

The main title is composed of three stacked blue rounded rectangular boxes. The first box contains the text "BASWARE ASSISTANT:" in yellow. The second box contains "AN INTUITIVE AI-DRIVEN" in white. The third box contains "CHATBOT FOR PROCUREMENT" in white. The background of the entire page features a cityscape at sunset, with the Empire State Building prominently visible. There are also several abstract geometric shapes in shades of blue and grey overlaid on the page.

BASWARE ASSISTANT IS AN INTUITIVE AND CONVERSATIONAL UI TOOL THAT DELIVERS A NEW AND SIMPLIFIED WAY TO INTERACT WITH BASWARE'S PROCUREMENT APPLICATION AND PERFORM FUNCTIONAL TASKS WITHOUT HAVING TO PHYSICALLY NAVIGATE THE SYSTEM. IT'S A TOOL THAT LEVERAGES ARTIFICIAL INTELLIGENCE AND NATURAL LANGUAGE PROCESSING TO INTERACT WITH USERS IN A WAY LIKE HUMANS INTERACT.

WHY BASWARE ASSISTANT?

The purpose of Basware Assistant is to increase ease of use and usability of the system to drive user adoption. It builds on the premise of WeProcurement™ – to make Basware the easiest, simplest and fastest way for users to order what they need, so they use the application because they want to, not because they have to. Basware will continue innovating in this area and building on the foundation of conversational user interfaces to increase user adoption across the entire application.

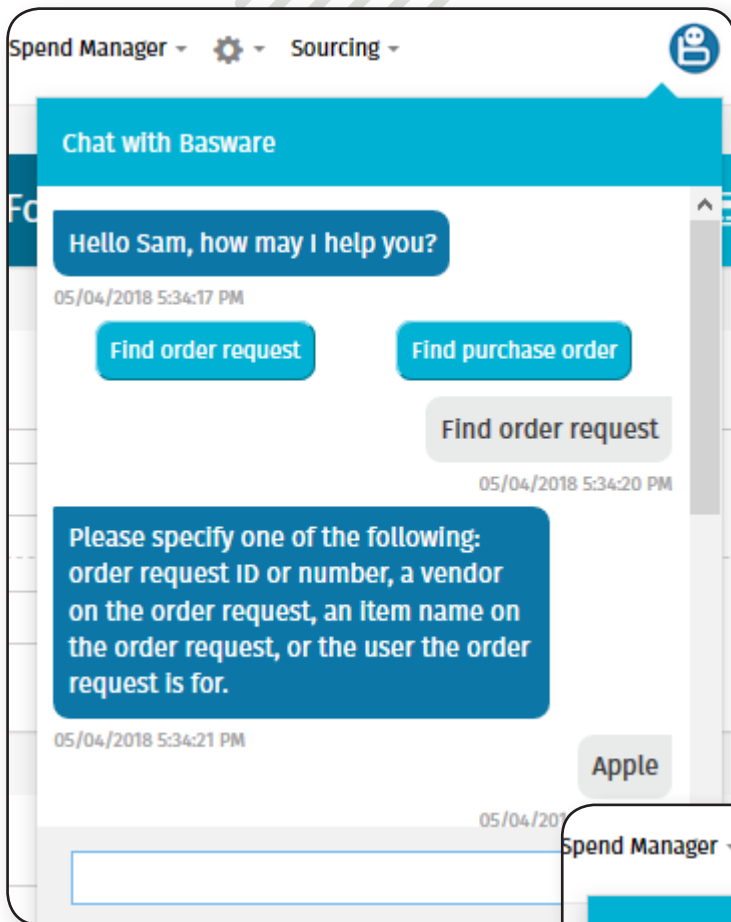

HOW DOES BASWARE ASSISTANT HELP?

The first version of Basware Assistant focuses on enabling users to easily find order requests and purchase orders that they have permissions to access using natural language processing for interaction instead of complex queries, multiple clicks and scrolling. Finding

BENEFITS OF BASWARE ASSISTANT

- Contributes to 100% user adoption
- Saves significant time
- Enables self-service purchase to pay

what they need is as simple as chatting with someone. Basware will continue adding functionality to the chatbot feature to include functions such as receiving, shopping etc.

HOW DOES THE FUNCTIONALITY WORK?

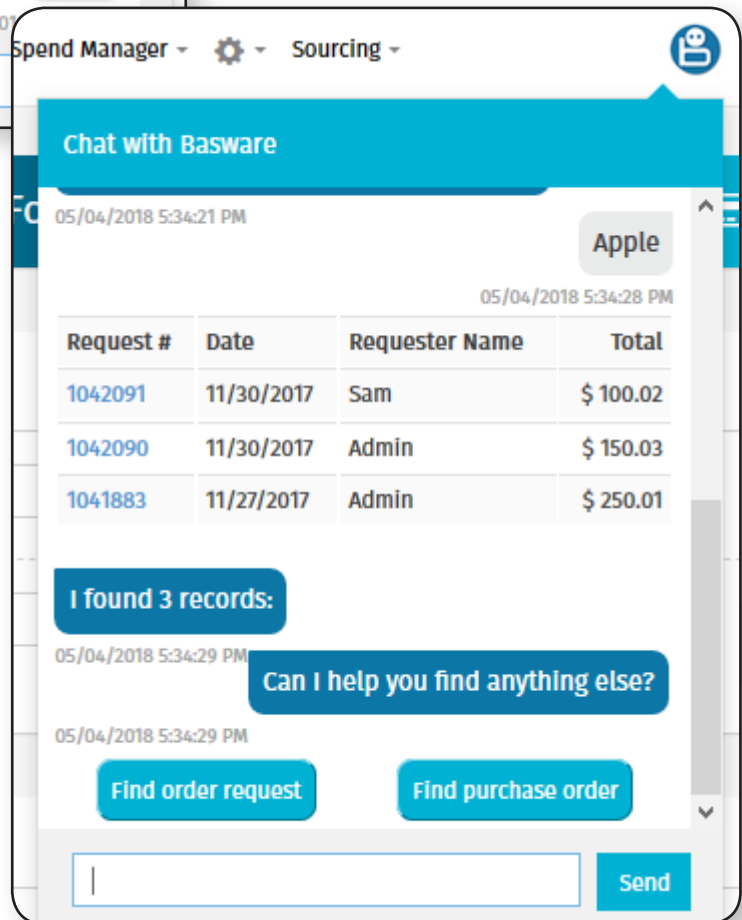

- Users can quickly and easily search for order requests and purchase orders using the following criteria:
 - » ID or document number
 - » Vendor
 - » Item name
 - » User name

Users simply follow the prompts and provide simple information about the document to get a list of results. They can narrow the search down even further by entering the document date or ID number.

When Basware Assistant finds results for the criteria entered, the information is displayed in a table format. From there, it's easy to click on the relevant document number to open the order request or purchase order.

AVAILABILITY

Basware Assistant is a part of the Basware Purchase Manager application and is available in North America.
