BASWARE E-ORDERS FOR BUYERS

Do you want to eliminate costly and error prone processes around purchase order delivery? Do you want to easily send orders to your suppliers in electronic format?

IT'S POSSIBLE WITH BASWARE E-ORDERS FOR BUYERS

Buying organizations send purchase orders to suppliers in a number of different formats - including via mail, fax or phone - resulting in lack of visibility, increased costs

and inefficiencies on both sides of the equation. Basware e-Orders eliminates expensive and error-prone manual processes by enabling buyers to send purchase orders electronically to all their suppliers.

Basware e-Orders for Buyers is a comprehensive service that allows

the exchange of electronic purchase orders and messages between a buyer and their suppliers through the Basware Network. Basware e-Orders covers a number of different methods of electronic purchase order delivery.

DIFFERENT COMPONENTS OF THE E-ORDERS FOR BUYERS SERVICE

Purchase Order Delivery to Basware Portal

- Delivery of POs via Basware Portal
- Supplier registration enables suppliers to track documents in the portal, and flip POs to order responses and invoices

Electronic Purchase Order Delivery

- Delivery of POs via the Network
- Supports suppliers that are Basware customers, are connected via PEPPOL or connected via a partner

EDI Delivery of Purchase Orders

- Delivery of POs via EDI
- Point-to-point solution with end-to-end integration into suppliers' ERP systems

SmartOrders (PDF Delivery of POs)

- Delivery of POs via email - PDF and XML - no login needed
- Ability to flip POs to orders response and invoices

BASWARE SMARTORDERS: A SIMPLE SOLUTION FOR ELECTRONIC PURCHASE ORDER DELIVERY

Basware SmartOrders drives collaboration between buyers and suppliers in the procurement process - via email. Using the SmartOrders functionality, buyers can send purchase orders in PDF format to their supplier base using actionable emails, and suppliers can receive the POs from the email. Suppliers do not have to register or login into any application to use this service - driving supplier adoption and increased collaboration between buyers and suppliers. Suppliers then have the option to send order responses and flip the POs into invoices.

KEY BENEFITS

- **Efficiencies and Cost Savings:** Elimination of paper-based and manual processes resulting in increased processing efficiencies and cost savings.
- **Enhanced Visibility and Control:** Complete visibility and control over orders thereby reducing lost or missing orders and delays in order processing.
- **Improved Data Quality:** Enhanced data quality and accuracy resulting in error-free supplier communication and fewer wrong deliveries.
- **Buyer Supplier Collaboration:** Complete electronic exchange of procurement and invoice documents driving better buyer-supplier collaboration.
