

WILEY X ORION

PROTECTION, DEXTERITY AND DURABILITY

NAVAIR and Air Force Safe-to-Fly approved, and designed to match US military uniforms, the Orion offers a vast combination of performance features. Constructed of 100% Nomex® knit, with reinforcing sheepskin leather in high-wear areas, the flame-resistant Orion offers durable protection without sacrificing dexterity. The velcro strap at the back of the high wrist allows quick adjustability for a snug and secure fit while Touchtec fingers give you touch-screen sensitivity without exposing your hands.
