

# WX BRAVO

## ACTIVE SERIES

STARTING AT  
**\$172**  
MSRP

LAUNCHING SPRING 2026

Removable &  
Permanent Side  
Shields Included

Tough as nails and built to perform, the WX Bravo doesn't just look good—it gets the job done. Featuring an ultra-durable Triloid™ nylon frame and removable side shields for added lateral protection, the WX Bravo offers job site protection without sacrificing style. Whether you're on the clock or off, this full-frame powerhouse delivers maximum protection, crystal-clear optics, and all-day comfort.

### 1 PREMIUM PROTECTION

Meticulously engineered materials and manufacturing processes deliver exceptional durability, coverage and protection from debris and impacts. All Worksite® eyewear is tested to meet ANSI Z87.1+ safety standards in our Frisco, Texas lab.

### 2 LOW PROFILE TEMPLES

These glasses are equipped with both permanent and removable side shields, ensuring they meet the ANSI Z87.1+ standard and comply with OSHA safety regulations when required.

### 3 PERFORMANCE MATERIALS

Over-molded temple tips and nose pads are hypoallergenic and soft enough for all-day comfort while resisting chemicals and degradation from daily activities. Hydrophilic by design, they develop more grip and reduce slipping when exposed to moisture.

### 4 ENGINEERED FOR COMFORT

The balanced design of form and proportions that accommodates most head sizes. The intentional styling evenly distributes weight from the brow of the face, across the nose and over the ears, eliminating pressure and providing all-day comfort.

- ANSI Z87.1+ Impact Protection/Optical Standards
- 4-Base Lenses
- Super-Tough Triloid Nylon Frames
- Shatterproof Selenite Lenses
- Overmolded rubber temple tips
- Dual-injected rubber nose pads
- Removable and Permanent Side Shields Included

### ADDITIONAL ACCESSORIES

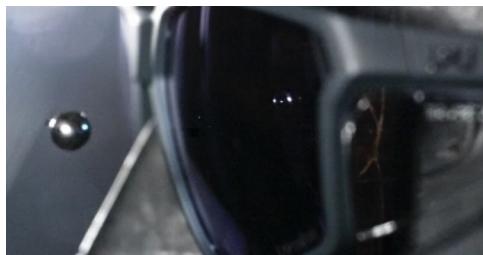

- Microfiber Drawstring Bag (DN900)
- Black Zippered Case (DN800)

\*\*With Side Shields Installed, Active 6 Models Meet ANSI Z87.1+ Safety Standards

### ANSI HIGH-MASS IMPACT TEST

Wiley X ANSI Z87.1+ frames and lenses must withstand the impact of a 1.1 lb projectile dropped from a height of 50" to ensure your eyes are protected from unexpected blunt force impacts.

### ANSI HIGH-VELOCITY IMPACT TEST

Wiley X ANSI Z87.1+ frames and lenses must withstand the impact of a .25" diameter steel ball. For spectacles, the projectile must be traveling 150-160 fps and for goggles, the projectile must be traveling at 250-260 fps.

### ANSI Z87.1+ SIDE SHIELDS

All Active 6 and Worksight models come with removable and permanent side shield options to meet ANSI Z87.1+ compliance.
