DETAILS

- The natural live edge showcases unique design for every desk. User can determine if the “live” edge is facing the user side or the approach side.
- 3 base color options (Black, White, Uhuru Black).
- 2 top color options (Natural Oak or Walnut with natural live edge).
- Made in the USA.
- Height adjustable: 26-45".
- The steel leg base is powered by single-stage motor lifters with a low noise level of <50dB, and allows the table to quietly raise or lower at 1.5" per second.
- A minimal hand switch allows you to quietly adjust the desk height.
- To power the desk, simply plug into a standard 15A outlet. When not in active motion, the desk is built with low standby power consumption.
- Supports up to 225 lbs.
- Assembly required.

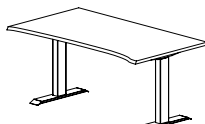

PERFORMANCE CERTIFICATIONS

- UL962 certified.
- BIFMA 5.5X certified.
