

# Moplen RP261S

Delivering outstanding softness for textile applications

LyondellBasell has developed a new resin, *Moplen* RP261S, which addresses increasing market demand for textile fabrics with improved soft touch and haptics for use in a variety of personal care applications. *Moplen* RP261S is an innovative copolymer produced using a non-phthalate catalyst.

Due to its high fluidity (MFR 30) and narrow molecular mass distribution, *Moplen* RP261S, allows the production of fine denier titer combined with excellent spinnability on all melt spinning technologies for mono and bicomponent filament structures.

### Product Benefits

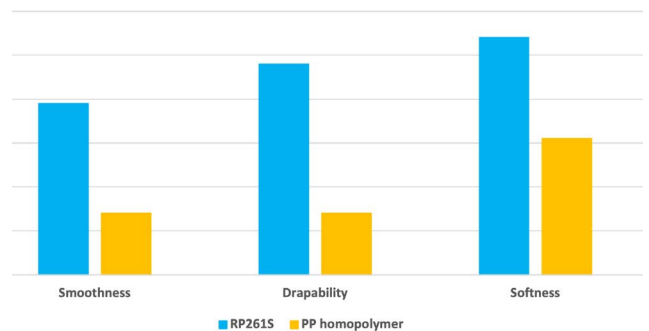

- Easy processing
- Outstanding softness
- Excellent compatibility with Homo-PP, fully recyclable

### Typical applications

- Baby diapers
- Feminine care
- Wipes
- Face masks

### Relative Haptics

Haptics panel evaluation (Internal Method)

### Resin Properties

Typical Properties	Value	Method
MFR	30 g/10min	ISO 1133
MWD	Very narrow	-
Tensile Modulus	800 MPa	ISO 527-1, 2
Haptics	See above table	LYB internal

Note: Typical properties, not to be considered as specifications

# ABOUT US

As a leader in the global chemical industry, LyondellBasell strives every day to be the safest, best operated and most valued company in our industry. The company's products, materials and technologies are advancing sustainable solutions for food safety, access to clean water, healthcare and fuel efficiency in more than 100 international markets. LyondellBasell places high priority on diversity, equity and inclusion and is Advancing Good with an emphasis on our planet, the communities where we operate and our future workforce. The company takes great pride in its world-class technology and customer focus. LyondellBasell has stepped up its circularity and climate ambitions and actions to address the global challenges of plastic waste and decarbonization. Before using a product sold by a company of the LyondellBasell family of companies, users should make their own independent determination that the product is suitable for the intended use and can be used safely and legally. SELLER MAKES NO WARRANTY; EXPRESS OR IMPLIED (INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY WARRANTY) OTHER THAN AS SEPARATELY AGREED TO BY THE PARTIES IN A CONTRACT. Users should review the applicable Safety Data Sheet before handling the product. This product(s) may not be used in the manufacture of any of the following, without prior written approval by Seller for each specific product and application: (i) U.S. FDA Class I or II Medical Devices; Health Canada Class I, II or III Medical Devices; European Union Class I or II Medical Devices; (ii) film, overwrap and/or product packaging that is considered a part or component of one of the aforementioned medical devices; (iii) packaging in direct contact with a pharmaceutical active ingredient and/or dosage form that is intended for inhalation, injection, intravenous, nasal, ophthalmic (eye), digestive, or topical (skin) administration; (iv) tobacco related products and applications, electronic cigarettes and similar devices; (v) safety components in automotive applications, for example: air bags, air bag unit housings and covers, seat belt mechanisms, brake systems, pedals and pedal supports, steering systems. The product(s) may not be used in: (i) U.S. FDA Class III Medical Devices; Health Canada Class IV Medical Devices; European Class III Medical Devices; (ii) applications involving permanent implantation into the body; (iii) life-sustaining medical applications. All references to U.S. FDA, Health Canada, and European Union regulations include another country's equivalent regulatory classification. In addition to the above, LyondellBasell may further prohibit or restrict the use of its products in certain applications. For further information, please contact a LyondellBasell representative.
