GET A PUMP THAT WON’T FREEZE UP!

Viking Pump’s stainless steel mag drive 897-SEP Series™ cryogenic pumps are made for the cold! With a low temperature rating of -80°C, these pumps are made to meet the pressures and temperatures of your cold ethanol extraction needs.

FEATURES

- Superior self-priming capabilities
- Compact design
- Quiet pulsation-free flow
- All liquid and vapor hermetically sealed in pump
- Assembled and tested with food grade liquids
- Reliable steady flow regardless of changes in pressure or viscosity
- Designed for hazardous and difficult-to-seal liquids

VERTICALLY INTEGRATED PRODUCTION PROCESS:
Viking Pump operates two foundries, a 250,000+ sq. ft. machining, assembly and testing center, and an extensive product engineering and testing lab in its world headquarters in Cedar Falls, Iowa, USA. This level of vertical integration ensures maximum quality, ability to satisfy special needs, and to meet project schedules.
