SAFETY INSTRUCTIONS

Special application Instructions to avoid the danger of injuries: Only use cutting tools that are in perfect condition and have sharp, clean and undamaged blades. Employ the utmost care when handling the knives.

Prior to use, familiarise yourself with the safety features and their functioning.

Ensure that these safety features are not impaired by the type of material to be cut.

CAUTION: The blade is sharp and can result in serious and deep cuts. Therefore, never reach into the blade! Do not place your free hand in the line of cutting and never cut directly towards you.

Replacement of spare parts: This knife is a disposable product. It is not designed to have its blades changed or any other of its components replaced. If the knife shows signs of aging or any other wear, e.g. which impair the safety features or usage, the knife must be taken out of service and replaced. Do not modify this product in any way. Modifications of any kind may impair product safety.

CAUTION: The risk of injury caused by manipulation of this product is extremely high.

Non-use of the knife: Always secure the blade in such a way (depending on product type) that injuries due to cuts are excluded. Store the knife in a secure place.

Care instructions: To guarantee a long service life, always keep the knife clean and do not expose it to unnecessary soiling and humidity.

CAUTION: No liability will be assumed for consequential losses. Subject to technical changes and errors! This knife does not belong in the hands of children!
