2. Product description

The Solution Trolley II is a mobile workstation, designed to make sanding tasks more efficient, organised and ergonomic. Built around a robust frame with durable materials, it neatly brings together your dust extractor, sander and accessories into one streamlined solution.

New features such as braked castor wheels, a large tool drawer and a front-accessible layout ensure stable mobility and easy access in busy workshop environments. The trolley can be customised with a wide range of optional accessories, including a tool wall, hose arm and dedicated storage solutions.

3. Standard equipment

- Sturdy tabletop with 40 kg load capacity (the trolley's total carrying capacity is 80 kg)
- Locker with door
- Bottom plate for dust extractor
- Rack for power tool or hose
- Large drawer
- Push handle
- Cable hook
- Four braked 125 mm castor wheels
- Pre-made holes and attachment points for additional accessories

4. Safety

- The cart may only be set up and operated on a flat surface.
 - Ensure that the parking brakes are locked before using the Trolley.
 - To avoid the risk of tipping, do not exceed the maximum load capacity (80 kg), including accessories and equipment.
 - Do not exceed the maximum carrying weight. including contents.
 - Do not use as a climbing aid or to transport people.
