It is adorned with three cushions: a large backrest cushion with a tropical floral pattern in pink, orange, green, and blue; a rectangular seat cushion with a red and white diamond pattern; and a smaller rectangular cushion with a green and white leaf pattern. The chair is set against a plain white wall on a light-colored wooden floor.

Les Tropiques Collection

Les Tropiques Collection

Brunschwig & Fils' bold new fabric collection, Les Tropiques, vividly evokes exotic ports of call; from the sunny isles of Polynesia to the verdant glades of the Amazon jungle. Gorgeous prints are featured alongside lush embroideries and perfectly-coordinating weaves. As its name suggests, Les Tropiques is meant to inspire vibrant, colorful rooms - sultry and sublime - even in climates well north of the equator.
