

# Conga Learning Pass

Take learning to the next level with a training subscription.

## Unlock access to thousands of self-paced training courses

The Conga Learning Pass is a training subscription service organized around product, process, and role-specific learning plans and offers the ability to demonstrate proficiency through accreditation and certification achievements.

Learners are supported with access to expert-led educational webinars, lab environments, certification preparation resources, and a virtual coach to aid them in discovering the right training at the right time.

### Conga Learning Pass features

- Product, process, and persona-based training with role-based learning plans
- Hands-on practice powered by Lab Central
- Expert-led webinars highlighting use cases and best practices
- Self-paced accreditations
- Self-paced routes to Conga Certifications and certification prep resources
- Conga Virtual Coach and Ask the Expert for additional support

### Proven customer success

**68%** of customers use product more often

**56%** of customers use more product features

**87%** use the product more independently

“ Continuous learning supports the expansion of skills, increases knowledge retention, and provides tools to practice hands-on activities. ”
