

ACCELERATOR

Conga CLM Business & Enterprise Accelerators

Achieve greater ROI with a faster go-live

CLM Accelerators introduce simplicity and inject speed into your implementations

A Contract Lifecycle Management (CLM) Accelerator from Conga gets you up and running faster with proven processes, best practices, and Conga expertise. This is a Conga Professional Services pre-packaged, ready-to-use solution to achieve greater ROI and a faster go-live.

Accelerator package	Start to go-live	Associated product
CLM Business Accelerator	6 weeks	Conga CLM - Business
CLM Enterprise Accelerator	6+ weeks	Conga CLM - Enterprise

Challenges

- Long, complicated custom projects, scope creep, and time delays
- Long time to realize ROI and see efficiencies of the new solution
- Unknown and variable implementation costs

Key benefits

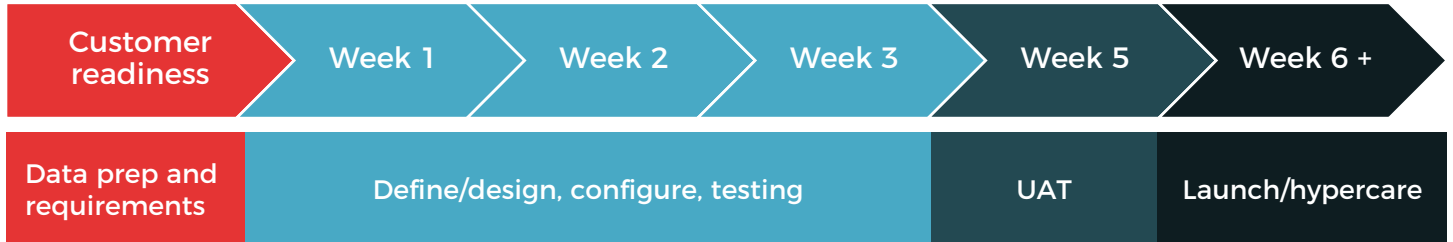

- **Improved efficiency:** Turnkey solution designed and built by Conga industry experts with 15+ years of CLM experience, coupled with comprehensive user stories and design and test scripts for a high-quality, scalable system.
- **Easy deployment:** Pre-configured CLM solution so you can be up and running within weeks, not months.
- **Reduced costs:** Proven methodology with a fixed fee professional services offering to incorporate customer-specific configurations.

CLM Enterprise includes all Business Accelerator features plus add-ons available to enable additional features and requirements.

● : Capability included | \$: Capability offered at an additional cost

Implement with confidence using our proven methodology

- **Prep:** Work with the customer to prepare data and key requirements
- **Plan:** Create a project kickoff readiness plan including predefined project plan, objectives, and deliverables.
- **Define, configure, and test:** Configure a defined scope with three sprints where the scope and requirements are confirmed by the customer. Solution is configured and deployment plan is developed.
- **UAT (user acceptance testing):** The customer confirms the system is configured according to agreed-upon requirements and design.
- **Launch/hypercare:** Deployment of the solution to production and one week of post go-live support.

NOTE that timeline is dependent on Accelerator scope.
