Conga Contracts Accelerator

Achieve greater ROI with a faster go-live

Conga Contracts Accelerator introduces simplicity and injects speed into your implementations.

A Conga Contracts Accelerator from Conga Professional Services gets you up and running faster with proven processes, best practices, and Conga expertise. This is a Conga Professional Services pre-scoped, low-cost, and quick-to-implement solution to achieve greater ROI and a faster go-live

Accelerator Package	Start to Go-live	Associated Product
Conga Contracts Accelerator	6 Weeks	Conga Contracts Repository, Business & Enterprise

Industry Challenges

- Long, complicated custom projects, scope creep, and time delays
- Long time to realize ROI and to see efficiencies of the new solution
- Unknown and variable implementation costs

Accelerator Benefits

- Improved Efficiency: Turnkey solution designed and built by Conga industry experts with 15+ years of CLM experience provides a high-quality, scalable system.
- Easy Deployment: Pre-scoped solution so you can be up and running within weeks, not months.
- Reduced Costs: Proven methodology with a fixed fee of professional services to reduce risk and incorporate customer-specific configurations.
- Flexibility: Additional scope available to meet your business needs

“ Conga delivered everything we asked for in a professional efficient manner. They were fantastic to work with. ”

Conga Contracts Accelerator Implementation Methodology

Implement with confidence using our proven methodology

- **Customer Readiness Phase:** Work with the customer to prepare data and key requirements
- **Plan:** Conduct a project kickoff readiness plan including predefined project plan, objectives, & deliverables.
- **Define, Design, Configure, & Test:** Configure a defined scope with defined sprints where the scope and requirements are confirmed by the customer. Solution is configured and deployment plan is developed.
- **UAT (User Acceptance Testing):** The customer confirms the system is configured according to agreed-upon requirements and design.
- **Hypercare:** 1 week of post Go-Live support.

Note: Timeline may change with Add-ons
