CENTRAL CALIFORNIA ALLIANCE FOR HEALTH®

About the Alliance

The Central California Alliance for Health is an award-winning regional managed care health plan. The Alliance has provided trusted, no cost Medi-Cal health care from local teams to families since 1996. Using the State's County Organized Health System (COHS) model, we currently serve more than **434,576 members** in Mariposa, Merced, Monterey, San Benito and Santa Cruz counties. We have a local presence in the communities we serve, so we understand the unique needs of these communities and our members. Together with our contracted providers, we work to promote prevention, early detection and effective treatment and to improve access to quality, equitable health care. The Alliance is governed with local representation from each county on our Board of Commissioners.

What We Do

The Alliance is a local health ally for compassionate and trusted health care that supports the whole person. We ensure quality care for all ages and stages of life and for any health condition. We go beyond just providing health care, connecting our members to day-to-day resources.

Who We Serve

Our members represent 41%[3] of the population in Mariposa, Merced, Monterey, San Benito and Santa Cruz counties. We serve seniors, persons and children with disabilities, low-income parents and their children, children who were previously uninsured, pregnant women, home care workers who are caring for the elderly and disabled and low-income, childless adults ages 19–64.

Provider Partnerships

The Alliance partners with 100% of hospitals in our service areas and a network of approximately 14,674 providers (98% of primary care physicians and 97% of specialists within our service areas) to ensure members receive timely access to the right care, at the right time. The Alliance also partners with more than 2,303 providers to deliver behavioral health and vision services. Effective July 1, 2025, the Alliance has insourced Behavioral Health Services. As this is a new benefit, many providers are being added to the network, and we anticipate this network to grow over the remainder of 2025.
