

BRIGHTENING STARTER KIT

**Skin Confidence
Starts Here**

Your all-in-one BRIGHTENING STARTER KIT has everything you need to visibly improve your skin with a twice daily routine. It also perfectly complements microneedling. Explore this step-by-step guide for correct application.

Cleanse

MICRO DERM EXFOLIANT™

USE AM & PM

Containing bamboo extract that is rich in silica, MICRO DERM EXFOLIANT rapidly removes dulling residue, clarifies and cleanses the skin to reveal a renewed and healthier-looking complexion. Leaves skin feeling purified and velvety smooth.

DIRECTIONS:

Apply an almond-sized amount to fingertips. Add water and gently massage into the skin with light circular motions. Avoid the eye area.

Remove with sponges or face flannel.

EXPERT TIP:

For the deepest cleanse and extra radiance, apply MICRO DERM EXFOLIANT with Dp Dermaceuticals™ OSCISONIC CLEANSER HEAD. The rapid vibration unclogs pores and buffs away dryness.

By accelerating skin cell turnover, a more luminous complexion is revealed.

Penetrate

ANTIOXIDANT COCKTAIL™

USE AM & PM

This superb blend of antioxidants works like an environmental shield, guarding against free radical attacks resulting from both natural and environmental factors. Dp Dermaceuticals ANTIOXIDANT COCKTAIL is your must-have serum to reverse the signs of ageing, brighten skin tone and tighten loose skin.

DIRECTIONS:

Apply 2-3 pumps to dry skin. Massage lightly into the skin until absorbed.

EXPERT TIP:

Use Dp Dermaceuticals ANTIOXIDANT COCKTAIL mixed 1:1 with HYLACTIVE™ for your Dermapen HOME™ to allow as much as 80% more topical nutrients into your skin.

Not into needles? That's ok! Try medical-grade L.E.D. technology, which has a similar effect, increasing the absorption of skincare to accelerate and enhance results.

Correct

BRITE LITE™

USE AM & PM

A dual-action wonder serum that erases the appearance of hyperpigmented concerns, including acne and pimple scarring. Contains pigment sedating actives tyrosinase inhibitors like Kojic Dipalmitate, Liquorice, Vitamin C, Argireline®, Syn®-Coll and Squalane.

DIRECTIONS:

Apply 2-3 pumps to pigmented skin. Massage lightly into the skin until absorbed.

EXPERT TIP:

Use Dp Dermaceuticals BRITE LITE mixed 1:1 with HYLA ACTIVE for your Dermapen HOME procedures to allow as much as 80% more topical nutrients into your skin.

Not into needles? That's ok! Try medical-grade L.E.D. technology, which has a similar effect, increasing the absorption of skincare to accelerate and enhance results.

Protect and camouflage

COVER RECOVER™

USE AM & AS REQUIRED

Packed full of powerful anti-ageing Vitamins A, C and E, botanicals, peptides, probiotics and Hyaluronic Acid, this medicated SPF provides flawless camouflage for any imperfections.

DIRECTIONS:

Apply 20 minutes before going out into the sun, and reapply every 3 hours during extended periods of sun exposure.

Intensify

BRITE LITE 3D SCULPTURED MASK USE WEEKLY

Contains Kojic Dipalmitate, a tyrosinase inhibiting by-product that offers antioxidant, antibacterial, and antifungal benefits. Because of its ability to penetrate the layers of your skin and stop the production of melanin, Kojic Dipalmitate is a popular spot-fading solution.

DIRECTIONS:

Apply Dp Dermaceuticals BRITE LITE 3D SCULPTURED MASK to the face starting at the forehead, wrapping around the ears, then smoothing out over the remainder of the face.

Allow the mask to activate for 10–30 minutes before removing and discarding. Massage any excess skin brightening mask residue into the skin.

EXPERT TIP:

Accelerate your results by adding clinical or at-home Dermapen procedures into your routine. The BRIGHTENING STARTER KIT will perfectly prepare your skin for microneedling, and the visible effects will be incredible.

Accelerate Results with **Dermapen HOME™**

Proven to visibly reduce the appearance of pigmentation, use our home microneedling device weekly to boost absorption of Dp Dermaceuticals for faster results.
