

Carved Wall Tile

Labyrinth

Noise gets lost

Patterned passageways make walls
Labyrinths. Create maze-like squares
or stacks; or mix tiles to craft complex
networks — whatever the layout, noise
gets lost.

ALL DIMENSIONS NOMINAL UNLESS NOTED OTHERWISE

Typical Layouts - 12" Tiles

12" Corner Tile - Square

Symmetrical quadrilaterals span Labyrinth's Square layout. Using only the 12" corner tile, build a series of contained micro-mazes.

12" Straight Tile - Stack

Rectangular sets of three alternate direction in Labyrinth's Stack layout. Using only the 12" straight tile, create a series of linear stacked shapes.

12" Mix

A web of pathways intersect in Labyrinth's 12" Mix layout. Combine 12" straight and corner tiles in different orientations to create a maze-like effect.

ALL DIMENSIONS NOMINAL UNLESS NOTED OTHERWISE

Typical Layouts - 24" Tiles

24" Corner Tile - Zig-Zag

Angular lines cut through Labyrinth's Zig-Zag layout. Using only the 24" corner tile, create a sense of motion through a series of zigs and zags.

24" Straight Tile - Crosshatch

A patchwork of parallel lines take shape in Labyrinth's Crosshatch layout. Using only the 24" straight tile, vertical and horizontal strokes create a series of squares.

24" Mix

Zoom in on a network of passages in Labyrinth's 24" Mix layout. Combine 24" straight and corner tiles for a large-scale version of the 12" Mix's maze-like effect.

All Tiles - Mix

The maze gets most complex in Labyrinth’s All Tiles Mix layout. Combine 12” and 24” straight and corner tiles in different orientations to create a network that draws in eyes and traps noise.

9mm Colors

Introducing Hues, our new 9mm color palette designed for the senses.

The 9mm PET felt board is used as our primary construction material. Select one of our coordinating neutrals to blend in, or go for a contrasting element with one of our hues.

The process used to create PET felt often results in a heathered effect where multiple tones are present. Slight variations in color should be expected when using this sustainable material.

Felt Thickness
9mm +/-0.5 mm

Monitors and printers vary.
Please request a material sample to verify felt colors.
