

Wall Scape

Monolith

Pillars of quiet

Dramatic forms, easy-listening.
Simple, rectangular forms—tall and
narrow—create a landmark wall scape.
Stone texture options offer monumental
aesthetics that tone down sound.

How To Specify

Key Information

Monolith can heighten your space in a variety of ways. Consider these questions as you design your layout.

If shop drawings are required for your project, please follow steps 1 - 2.

Quick Ship

If you're looking to expedite your project, this product is available as Turf Quick Ship!

Using Quick Ship, our standard lead time for shop drawings is eliminated allowing the project to move directly into production.

Please note, installation and layout drawings are not included in this process.

Turf recommends an additional 10-15% additional panels to cover overage / attic stock.

Stone Textures & Graphic Print

Monolith projects that use new Stone Textures or Graphic Print are not available for Quick Ship. Turf's design team can help guide you through these use cases.

Panel Details

Design

Monolith can cover existing walls, elevating spaces and balancing sound. Panels are designed for wall use only. Stone Textures and Graphic Prints are both available.

Panel Depth

Panels have a flat face on the panel's front and are 2" deep.

There are portions of the panel that are completely enclosed and portions only as thick as the material.

Please see "Back of Panel" and "Panel Section" drawings for more information.

Stone Layout Type - Book Match

Description
 Book matching allows the texture to flow from panel to panel & mirror at any edge along the layout. Panels can be book matched along vertical and horizontal axes, creating a seamless pattern.

Book Match Considerations
 The book match line must occur between panels, and can be placed at any panel edge along the wall.

Monolith can be book matched in the middle of your layout, or anywhere in between to create something unique.

Example Shown
 This Layout Type is available in all Stone Texture options, the example shown uses ST11 Granite.

See the "9mm Stone Textures" page for more details.

BOOK MATCH EXAMPLE

Stone Layout Type - Slip Match

Description Slip matching creates a stamped look by using a single panel in the same orientation.

Example Shown This Layout Type is available in all Stone Texture options, the example shown uses ST17 Travertine.

See the "9mm Stone Textures" page for more details.

SLIP MATCH EXAMPLE

Stone Layout Type - Reverse Slip Match

Description Reverse slip matching creates an alternating stamped look by reversing the orientation of a single panel.

Example Shown This Layout Type is available in all Stone Texture options, the example shown uses ST83 Travertine.

See the "9mm Stone Textures" page for more details.

REVERSE SLIP MATCH EXAMPLE

Stone Layout Type - Aesthetic Match

Description Aesthetic matching creates a varied look by using the same texture in different locations and orientations.

Example Shown This Layout Type is available in all Stone Texture options, the example shown uses ST18 Granite.

See the "9mm Stone Textures" page for more details.

AESTHETIC MATCH EXAMPLE

Stone Layout Type - Continuous Match

Description Continuous matching creates a look that seamlessly flows across all panels in your space.

Example Shown This Layout Type is available in all Stone Texture options, the example shown uses ST05 Marble.

See the "9mm Stone Textures" page for more details.

CONTINUOUS MATCH EXAMPLE

Layout Type - Graphic Print

Availability Please note, Graphic Print will be available Summer 2024.

Artwork Specifications Print ready artwork must be provided in a vector file format (either AI or EPS) or high-resolution (300dpi) raster file. The files should be in a CMYK format.

Colors must be specified in CMYK, Pantone Uncoated, or by physical sample.

If the artwork is printed on a colored substrate, details will need to be outlined. Keep in mind that the print on each panel will wrap around the edge.

Proportion To avoid cropping, please provide artwork with matching proportions to your desired space.

Strike Offs An 18"W x 18"L strike off will be provided for client approval.

Cleaning Guide Refer to the Turf website for product cleaning guidelines.

9mm Colors

Introducing Hues, our new 9mm color palette designed for the senses.

The 9mm PET felt board is used as our primary construction material. Select one of our coordinating neutrals to blend in, or go for a contrasting element with one of our hues.

The process used to create PET felt often results in a heathered effect where multiple tones are present. Slight variations in color should be expected when using this sustainable material.

9mm Stone Textures

Inspired by nature, designed for felt. Our digitally printed Stone Textures capture the character and nuance of stone on top of a curated color collection from our Hues palette with virtually no repeats. The three patterns in this family each capture unique elements from the stones for which they are named.

There is an additional product cost for Stone Textures.

Turf has curated this collection to include only the best pattern and color combinations.
