Carved Wall Tile

Amoeba

Shape-shifting sound-stopper

Amoeba is an animated addition to any wall. Playful patterns expand from a single square design into a series of unique circular cells and linked nodes that absorb echo and catch attention wherever they're installed.

How To Specify

Key Information

Amoeba can shape-shift through your space in a variety of ways. Consider these questions as you design your layout.

If shop drawings are required for your project, please follow steps 1 - 5.

Fast Track

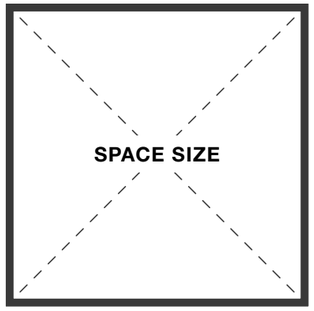
If you're looking to expedite your project, this product is available as Turf Fast Track!

Using Fast Track, our standard lead time for shop drawings is eliminated allowing the project to move directly into production.

Please note, installation and seaming drawings are not included in this process.

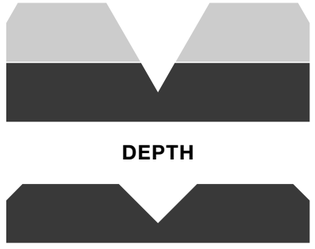
Turf recommends 10-15% additional tiles to cover overage / attic stock.

1



What are the dimensions of the space?

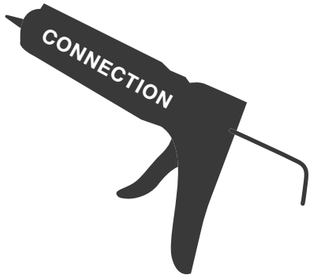
2



9mm or 18mm depth?

PAGE 3

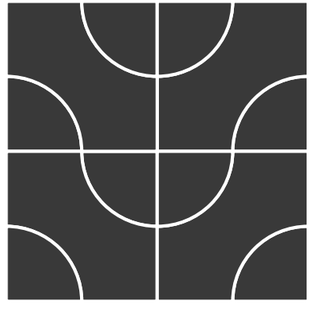
3



Will Amoeba need adhesive backing or non-adhesive?

PAGE 3

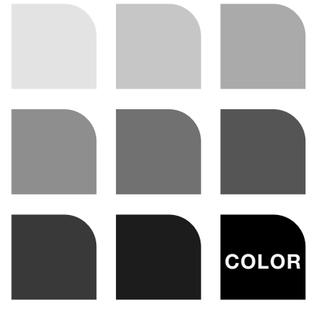
4



What is the proposed layout?

PAGE 4

5



What is the color or texture?

PAGE 7-8

1. 9mm or 18mm depth?
2. 12" x 12" or 24" x 24" tiles
3. Do you want adhesive backing by Turf, or construction adhesive by others?
4. What is the color of the tiles?
5. How many tiles do you need?
6. Do you want to include any additional product for overage or attic stock?

Dimensions

Standard Tiles	12″W x 12″L, 24″W x 24″L
Standard Depth	9mm, 18mm

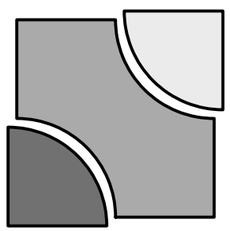
Connection Options

Standard Connection	Adhesive backing by Turf
Connection By Others	Construction adhesive Tiles can be installed with construction grade adhesive specified by the contractor.

Color

9mm Palette	Amoeba can be specified in any of our 9mm felt colors or Stone Textures. See Section Details on this page for more information.

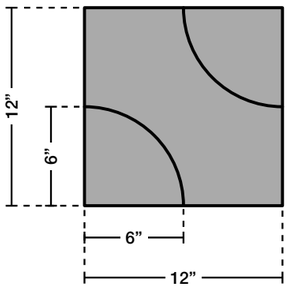
Amoeba Parts

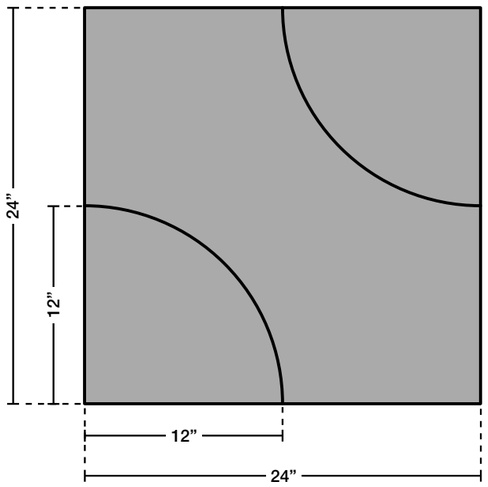


Each Amoeba tile is composed of three parts, each piece can be specified in a different color.

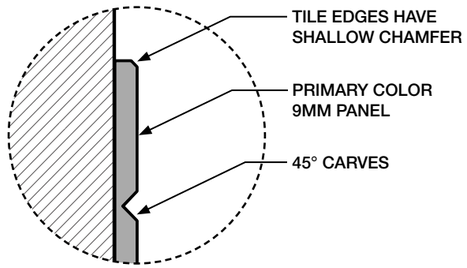
See our Typical Layouts page for more information on tiles, layouts & color combinations.

9MM AMOEBA

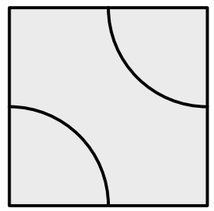


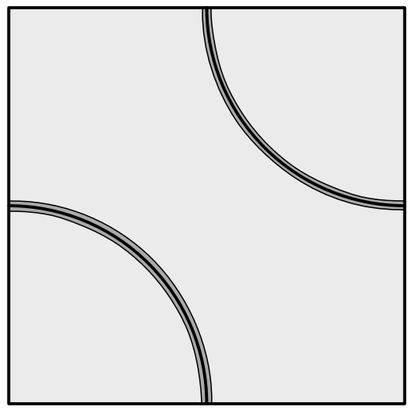


9MM SECTION DETAIL

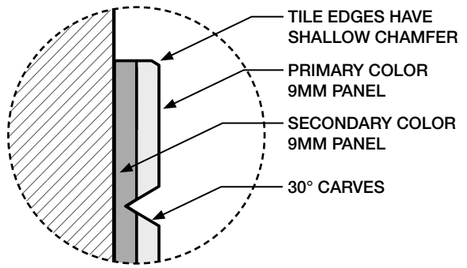


18MM AMOEBA





18MM SECTION DETAIL

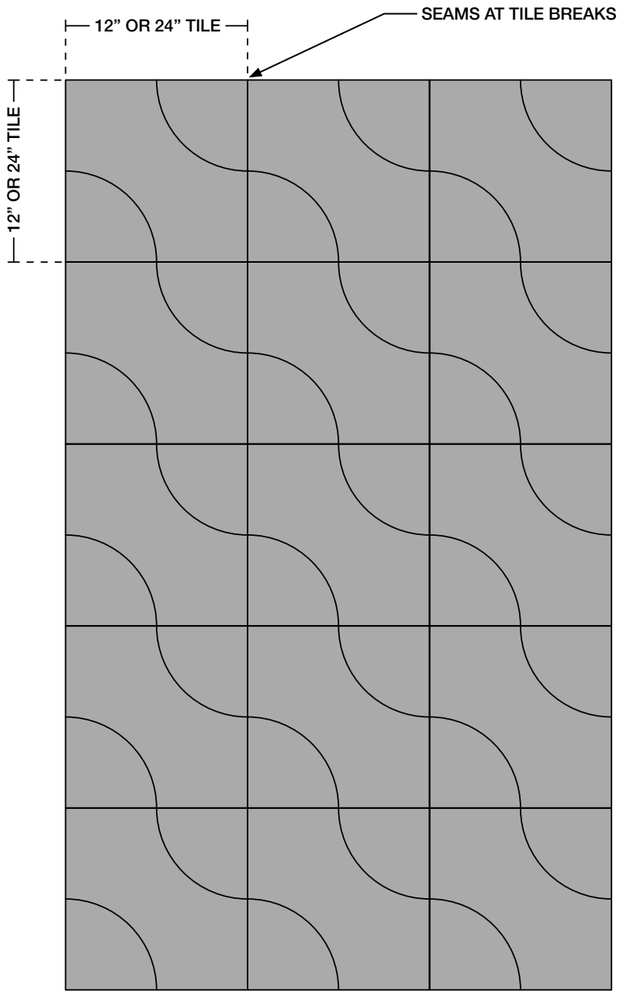


ALL DIMENSIONS NOMINAL UNLESS NOTED OTHERWISE

Typical Layouts

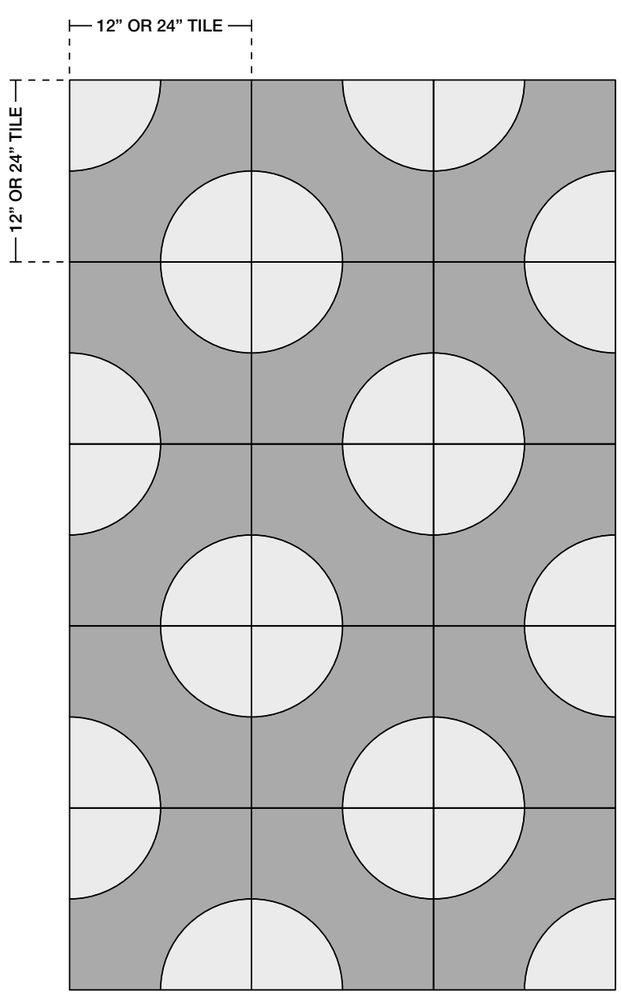
Uniform

Curving lines create symmetrical undulations in Amoeba's Standard layout. Choose from two tile sizes and study how Amoeba ebbs and flows.



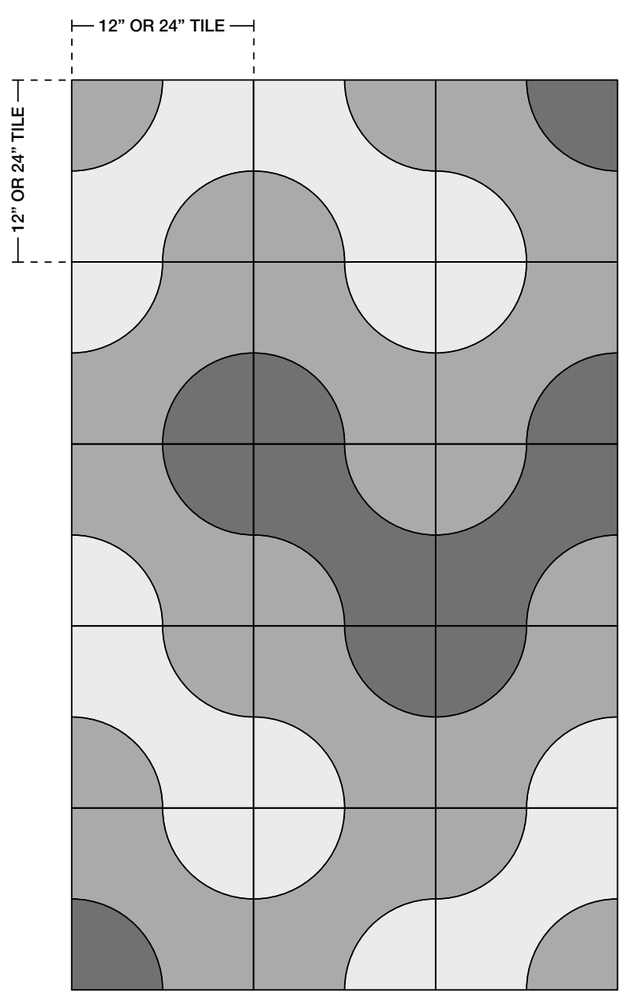
Dot

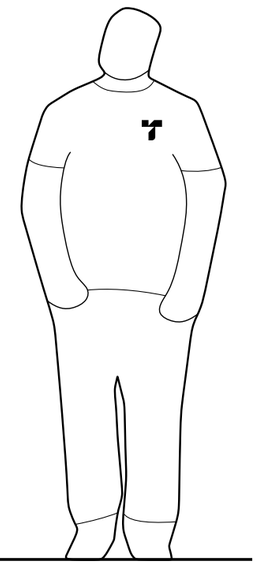
Perfect circles take over Amoeba's Dot layout. Use a two-tone color palette to punctuate your wall.



Glob

Organic, funky forms co-exist swimmingly in Amoeba's Glob layout. Use different colors on each of Amoeba's three parts to really make your space flow.





ALL DIMENSIONS NOMINAL UNLESS NOTED OTHERWISE

Installation & Field Trim Guide

Amoeba is designed for a quick and easily install, and can accommodate trimming in field — just follow this simple guide.

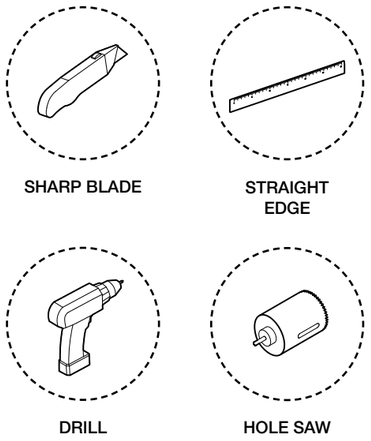
This guide shows Amoeba with Turf applied adhesive backing. Alternatively tiles can be installed with construction grade adhesive specified by the contractor.

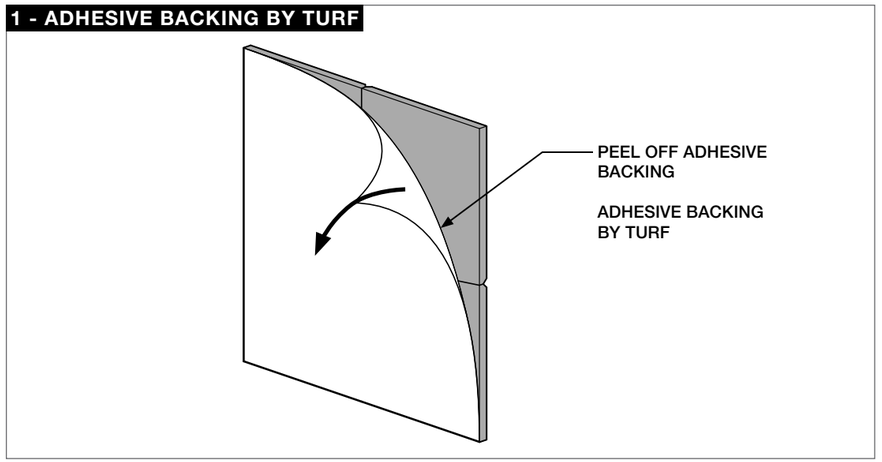
Please note, prep the wall surface before application. Clean the surface of any dust or loose debris, making sure the surface is dry before application.

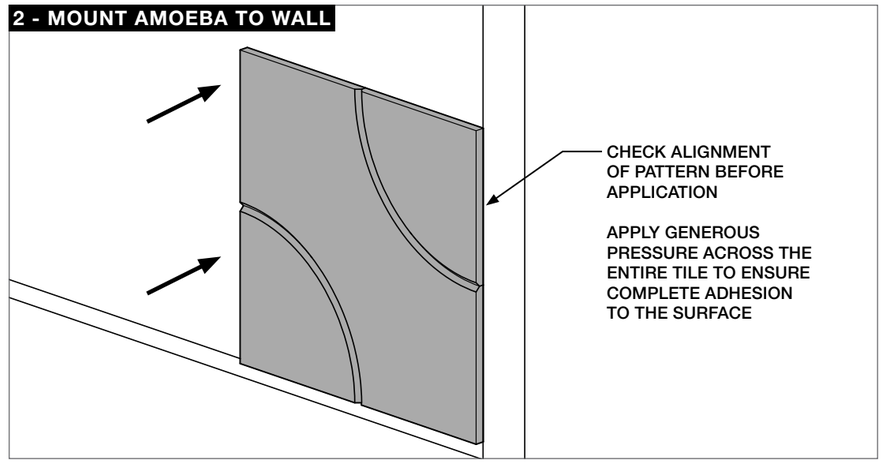
Follow the link below for more detailed information on adhering Turf products to walls.

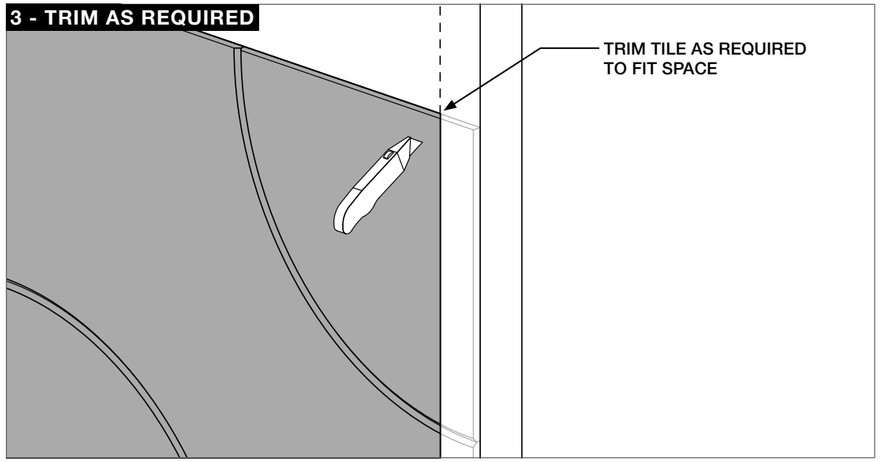
Turf Adhesives Guide

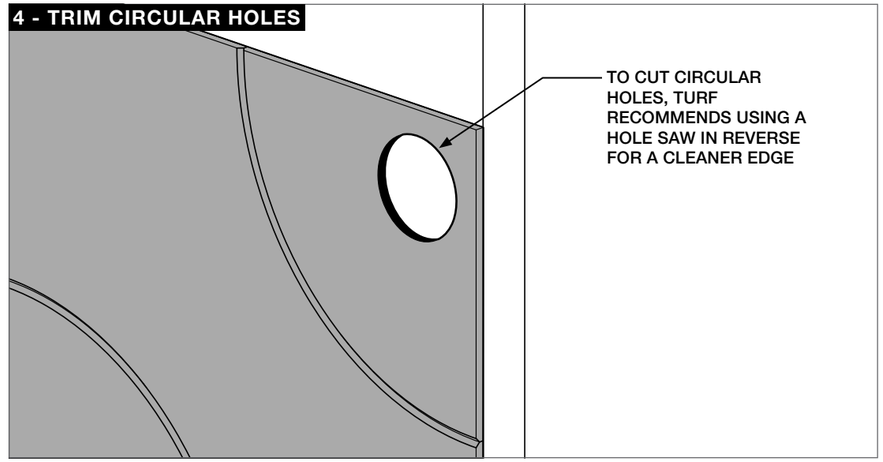
Tools Required











Tech

Acoustics	ASTM C 423-17: Type A
Fire Rating	ASTM E-84 – Class A
VOC	ASTM D5116 Compliant

Acoustic Rating

9mm Tile	**NRC = 0.25**
18mm Tile	**NRC = 0.40**

Carved wall tile NRC varies depending on field conditions and arrangement. Contact Turf for testing details.

Details

Lead Time	Check the Turf website for current lead times.
Warranty	Five (5) years
Maintenance	Vacuum to remove any particulate matter and air-borne debris or dust. Compressed air can be used to dust the material in difficult to reach areas for large assemblies. Contact us for more information relative to spot cleaning.
Attachments	Turf products are not designed to support the weight of other objects or fixtures.

Certifications

Declare.

9mm Colors

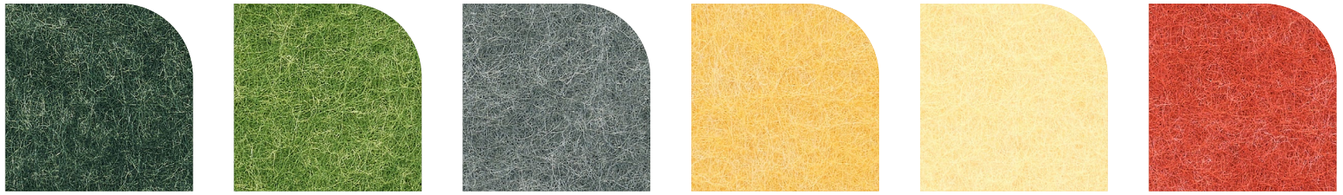
Introducing Hues, our new 9mm color palette designed for the senses.

The 9mm PET felt board is used as our primary construction material. Select one of our coordinating neutrals to blend in, or go for a contrasting element with one of our hues.

The process used to create PET felt often results in a heathered effect where multiple tones are present. Slight variations in color should be expected when using this sustainable material.

Felt Thickness
9mm +/-0.5 mm

Monitors and printers vary.
Please request a material sample to verify felt colors.



10 TOPO GREEN

9mm Stone Textures

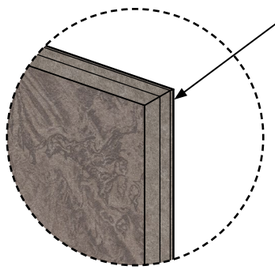
Inspired by nature, designed for felt. Our digitally printed Stone Textures capture the character and nuance of stone on top of a curated color collection from our Hues palette with virtually no repeats. The three patterns in this family each capture unique elements from the stones for which they are named.

There is an additional product cost for Stone Textures.

Turf has curated this collection to include only the best pattern and color combinations.

Felt Thickness
9mm +/-0.5 mm

Monitors and printers vary. Please request a material sample to verify felt colors.



Texture Edge Detail

Please note, all cut edges will reveal the base color of the felt if using a 9mm Stone Texture.
