

Ceiling Scape

Switchblade

Ebb and flow

Intersecting forms ebb and flow in this playful, sophisticated system. Aptly named and designed with intention, Switchblade is a magnetic system that makes it easy to switch styles and colors for a tasteful aesthetic and calming sonic presence.

How To Specify

Key Information

Switchblade can take shape in your space in a variety of ways. Consider these questions as you design your layout.

If shop drawings are required for your project, please follow steps 1 - 5.

Quick Ship

If you're looking to expedite your project, this product is available as Turf Quick Ship!

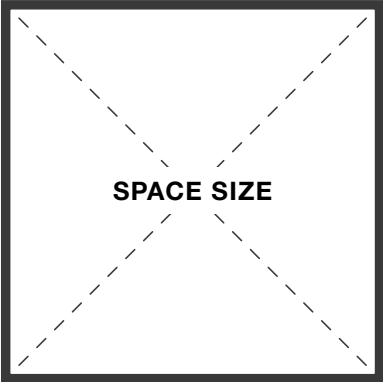

Using Quick Ship, our standard lead time for shop drawings is eliminated allowing the project to move directly into production.

Please note, installation and seaming drawings are not included in this process.

Turf recommends 10-15% additional tiles to cover overage / attic stock.

Switchblade profiles are not customizable for Quick Ship.

1

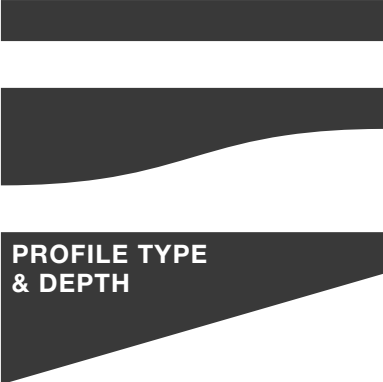

SPACE SIZE

What are the dimensions of the space?

PAGE 4

2

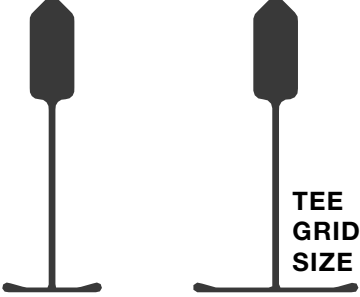

PROFILE TYPE & DEPTH

What profile type and depth do you need?

PAGE 4

3

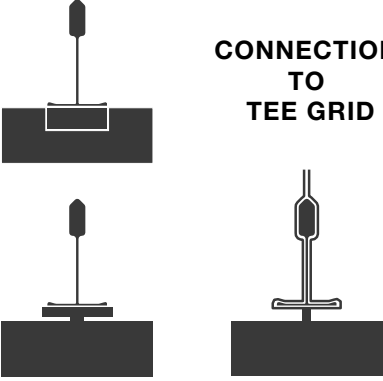

TEE GRID SIZE

What type and size of tee grid is being used?

PAGE 4

4

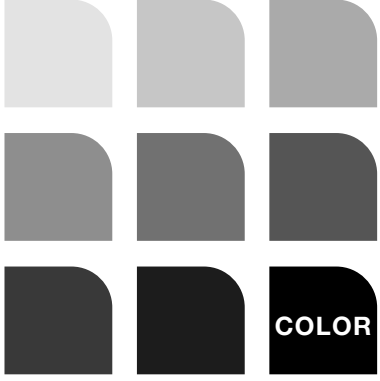

CONNECTION TO TEE GRID

How will Switchblade mount to the tee grid?

5

COLOR

What is the color?

PAGE 7

QUICK SHIP

1. What profile type do you need?
2. What baffle depth are you looking for?
3. What tee grid type are you using?
4. How will Switchblade connect to your tee grid?
5. What color are the baffles?
6. Do you want to include any additional product for overage or attic stock?

Dimensions

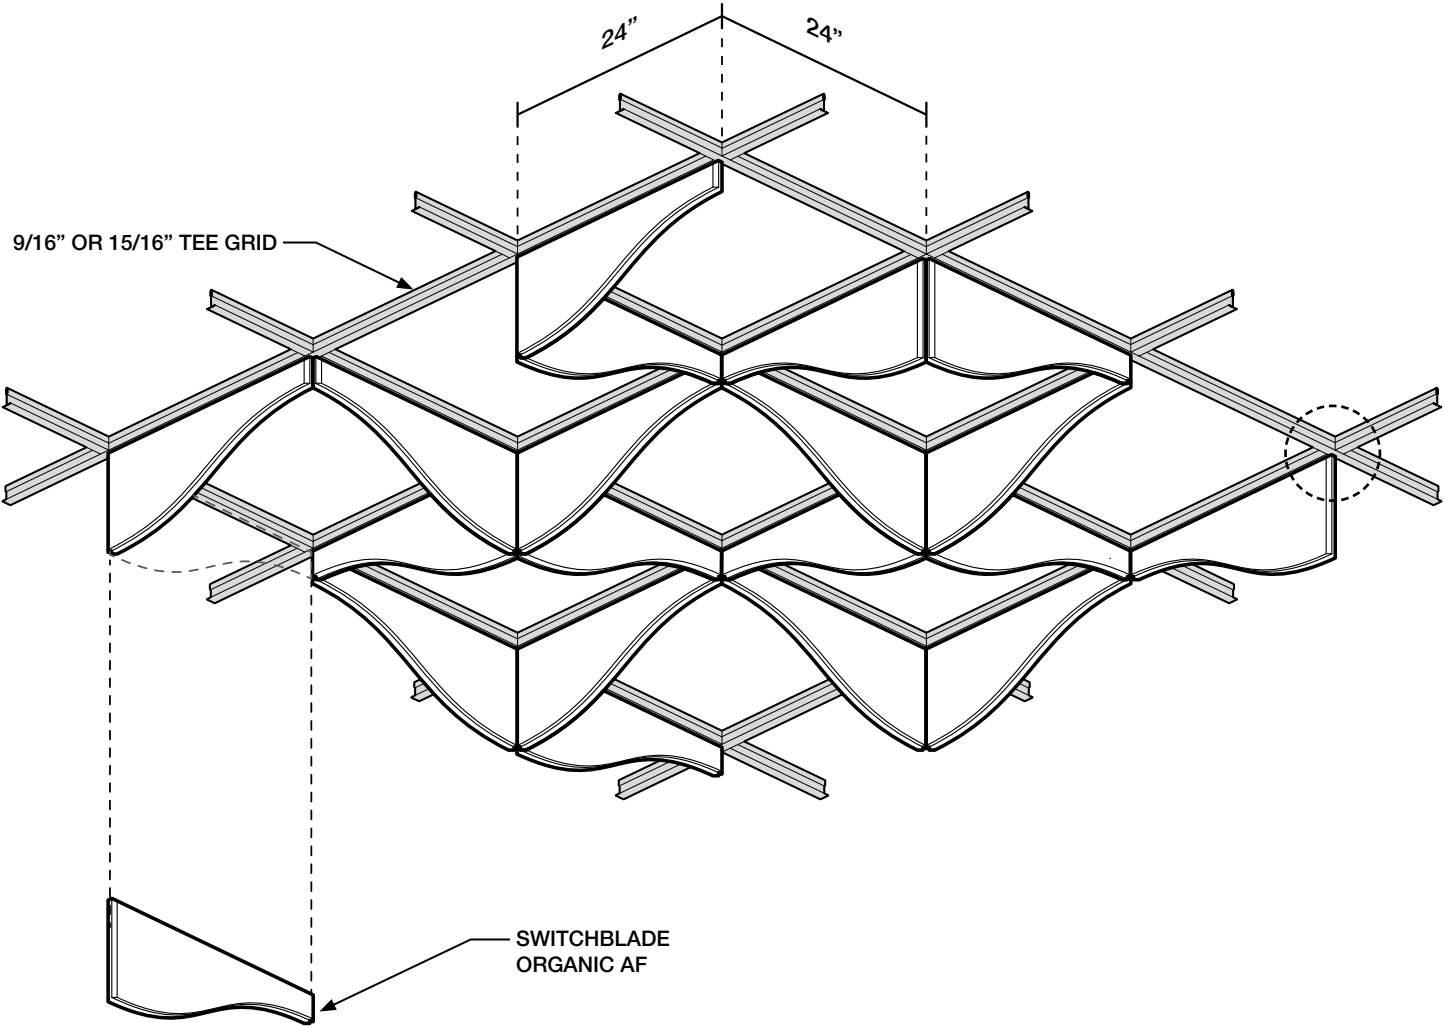

Standard Size	24" L x 27mm W
Standard Depths	2.5"D, 6"D, 9.375"D
Profile Types	Classic Geometric Organic
	See Types & Connections page for details.

Connection Options

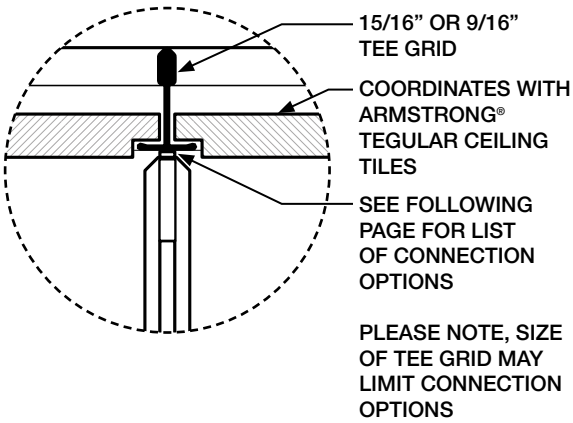

9/16" or 15/16" Flat Tee Grid	Exposed Magnet Attached Magnet Twist Lock Grid Clip
9/16" Bolt Slot Tee Grid	Bolt Slot Grid Clip
	See Connection Details on this page for more details.

Color

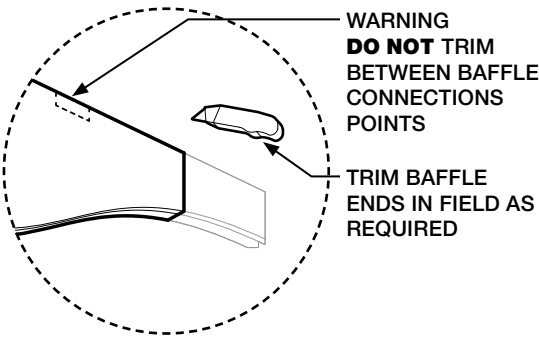

9mm Palette	Switchblade can be specified in any of our 9mm felt colors.

ARMSTRONG® TEGULAR TILE DETAIL

TRIM IN FIELD DETAIL

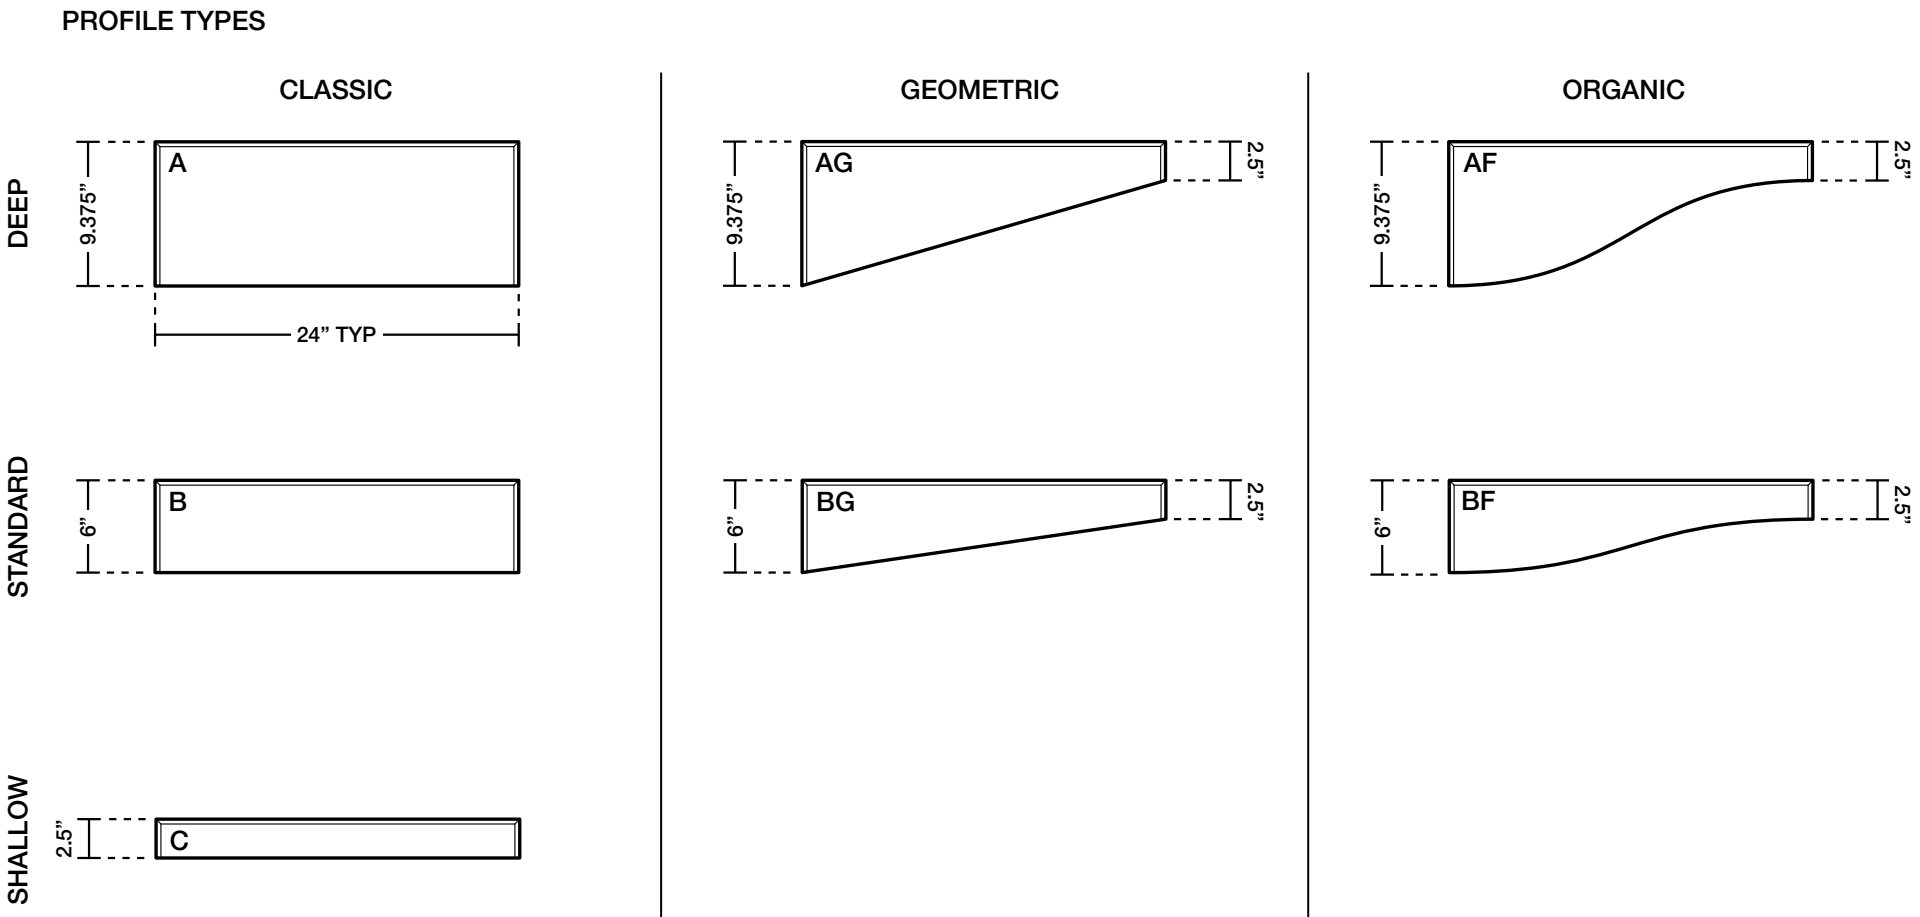

ALL DIMENSIONS NOMINAL UNLESS NOTED OTHERWISE

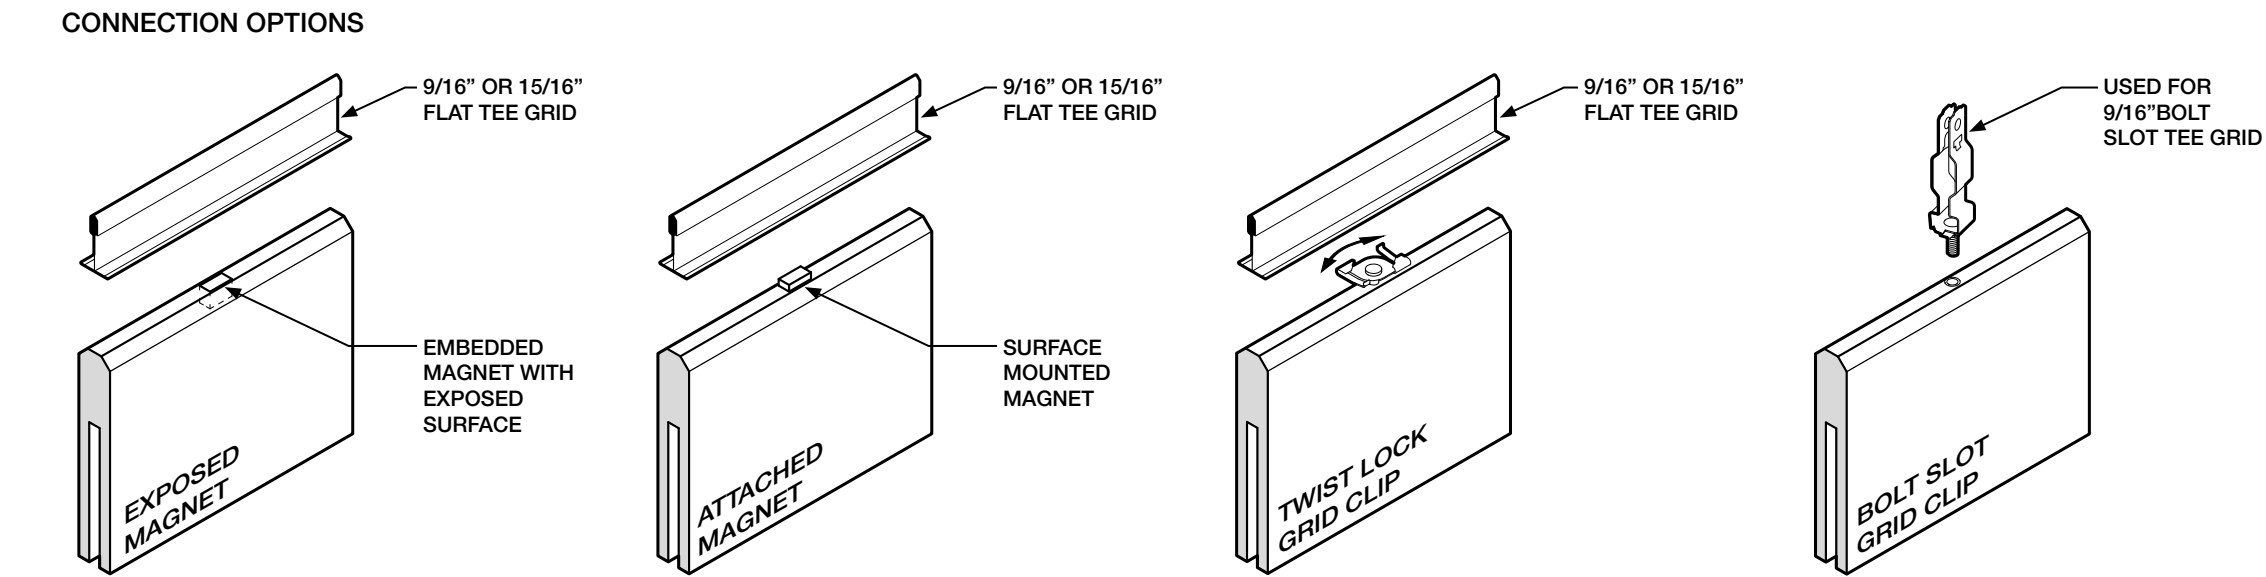

Types & Connections

Profile Type	Choose between 3 different profile types and multiple depth options to create your space.
9/16" or 15/16" Flat Tee Grid	Switchblade requires a 2' x 2' tee grid layout. For a solid connection, the grid must have an exposed flat face and be made of steel or another ferrous material.
9/16" Bolt Slot Tee Grid	Turf's Bolt Slot Grid Clip can accommodate your project if you're using bolt slot tee grid.

Tegular Tile Coordination

Tee Grid Size & Connection	If using Armstrong® Tegular Tiles, please use the lists below to ensure Switchblade connection and tee grid size coordinate together.
Tegular Tiles & 15/16" Flat Tee Grid	Exposed Magnet Attached Magnet Twist Lock Grid Clip
Tegular Tiles & 9/16" Flat Tee Grid	Attached Magnet Twist Lock Grid Clip

ALL DIMENSIONS NOMINAL UNLESS NOTED OTHERWISE

Typical Layouts

- Classic

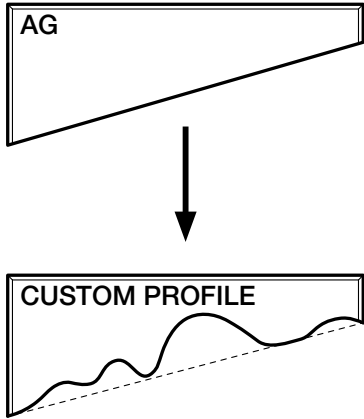

The Classic layout uses clean lines to create a consistent look.
- Geometric

The Geometric layout creates a rhythmic wave across the ceiling.
- Organic

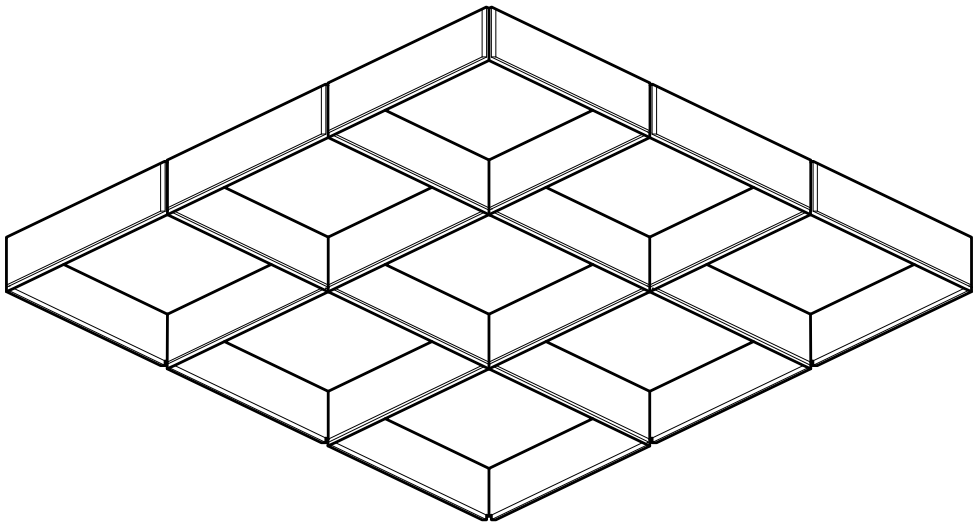

The Organic layout ebbs and flows around the space.
- Mix & Match

The Mix & Match layout uses various profile sizes to provide some depth.
- Custom Systems

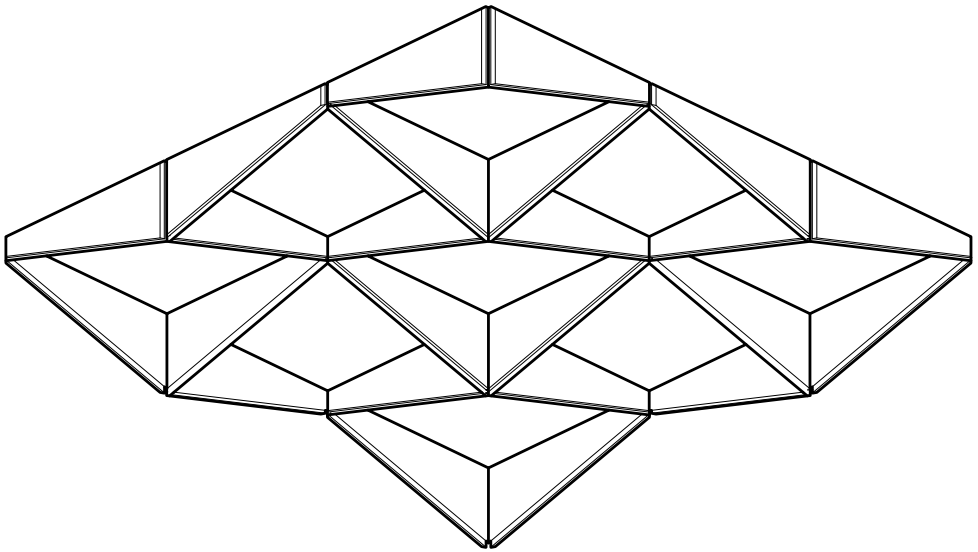

Turf can customize any existing profile to meet the needs of your project.

9mm Colors

Introducing Hues, our new 9mm color palette designed for the senses.

The 9mm PET felt board is used as our primary construction material. Select one of our coordinating neutrals to blend in, or go for a contrasting element with one of our hues.

The process used to create PET felt often results in a heathered effect where multiple tones are present. Slight variations in color should be expected when using this sustainable material.

Felt Thickness
9mm +/-0.5 mm

Monitors and printers vary.
Please request a material sample to verify felt colors.
