# HOST RESPONSIBLE MEETINGS <sup>2</sup> AND EVENTS

Companies and brands have the opportunity to create meaningful virtual and in-person events at Brooklyn Bowl. Whether you're planning crowdless concerts, galas, or virtual conferences, Brooklyn Bowl Special Events can make your event a fully immersive experience! Our three unique venues in Williamsburg, Las Vegas, and Nashville will offer three new types of events that comply with local guidelines keeping safety and health at the forefront. Start planning today to host your next event that will

**Rock. And Roll.**

# VIRTUAL EVENTS

Broadcast virtual events and meetings to your guests anywhere! From livestreaming a single keynote speaker to a multi-location conference to a full band performance, our team will assist in executing a flawless virtual experience for your event.

# HYBRID/REGIONAL EVENTS

Take your event center stage! Welcome your limited capacity event at our spacious venues and livestream from our world-renowned stages. Brooklyn Bowl's talented events teams create unrivaled experience for streaming, extravagant stage design, state-of-the-art lighting, décor, and more.

# ARTIST APPEARANCES

Rock a surprise performance for your virtual or hybrid event! Our in-house team can book the perfect act to livestream to your guests. Whether performing on our venue stages or from their own home studios, we provide custom-tailored services for outreach, negotiation, and event production with artists.

# SPECIAL EVENTS HOSTING ON FANS

Brooklyn Bowl has the benefit of common ownership with FANS an immersive livestreaming platform changing the way music is created, shared, and experienced. Each Brooklyn Bowl can livestream your event with high-definition cameras and the best A/V capabilities, plus FANS integration which bridges the gap by connecting your event with your attendees.

With FANS we can...

- Host an array of events including content series, live broadcasts, concert livestreams, archival footage, and more.
- Integrate video technologies to provide an immersive streaming platform where viewers or speakers can engage with each other in real-time.
- Offer donation integration giving you the ability to raise funds for your company or a charity of choice.
