

RN Scholarship Program for FCC Nursing Students

Human Resources

The purpose of this program is to assist current employees and future hires in obtaining the education/training needed to satisfy the critical Registered Nurse positions available at Frederick Health.

Frederick Health offers a limited number of scholarships annually as determined by the annual budget. The program is intended to be beneficial to both the employee/candidate and the Hospital. The hospital agrees to fund a portion of the employee/candidate's education in return for a pre-determined length of employment with Frederick Health after graduation. The hospital will pay as outlined below for tuition, required books, lab fees, and school required uniforms as appropriate for a period of up to four (4) semesters. The maximum monetary value of the scholarship is \$15,000.

College	1 st Semester Nursing Program	2 nd Semester Nursing Program	3 rd Semester Nursing Program	4 th Semester Nursing Program	Upon Graduation	Total Financial Assistance
Employed	\$2,500	\$2,500	\$2,500	\$2,500	\$5,000	\$15,000
Not Employed				\$2,500	\$5,000	\$7,500

Employment must be a minimum of 12 hours per week to receive this scholarship program.

The intent of the scholarship is to select qualified candidates from Frederick, Washington, and Carroll counties in Maryland along with neighboring West Virginia and Pennsylvania counties. Frederick Health reserves the right to entertain candidates from other locations who commit to working at Frederick Health Hospital after graduation.

The college attended for this scholarship is Frederick Community College.

Each candidate is expected to obtain employment with Frederick Health before college or early in schooling to maximize financial assistance and gain relevant work experience. Time worked prior to graduation does not count toward the post-graduation work requirement. Each scholarship awardee must agree to work two full years at a 0.9 FTE (36 hours per week) upon graduation.

If Frederick Health has a position to offer the candidate upon graduation, the candidate must apply and be considered with all other applicants. If the candidate is chosen and hired as a Registered Nurse I, they will receive wages equivalent to those received by other Registered Nurse I employed by Frederick Health. The position offered could be any shift.

If a position is offered to the candidate and is not accepted, the contract is considered breached. If the scholarship recipient completes a portion of the contracted service time but not to its entirety, the entire amount of the scholarship loan will be paid back to the Hospital plus up to 10% interest per year charged on the annual date the repayment letter is issued by the Hospital.

If the scholarship recipient meets all his/her obligations, the agreed obligations will be considered met up the completion of the pre-determined length of service. At the time the agreement is met, the employee is free to obtain a job wherever he/she may choose with no liability or debt to Frederick Health.

1. The recipient must maintain a 3.0 GPA in classes in the major curriculum and a 3.0 GPA overall.
2. It is the responsibility of the recipient to furnish grade reports to Frederick Health via the Human Resources Department at the end of each grading period and prior to the start of the next term. Grade report must include completed semester GPA and cumulative GPA.
3. Before each semester begins, the recipient must submit to Human Resources a class schedule showing all classes the student will take in the upcoming term.
4. It is the responsibility of the recipient to notify Human Resources in writing of any changes of status during the term of the scholarship. This includes but is not limited to: adding/dropping a course, withdrawing, or not enrolling, name change, etc.
5. It is the responsibility of the recipient to notify Human Resources of any change in major. The agreement is entered into by the Hospital for the express purpose of obtaining viable candidates for Registered Nurse positions. The Hospital reserves the right to terminate this agreement in the event the recipient changes their major and/or learning institution without the prior written approval of Frederick Health.
6. It is the responsibility of the scholarship recipient to complete all aspects of the RN program, including but not limited to graduation, and passage of all applicable licensing exam within six (6) months of graduation.

Scholarship Recipients Obligation upon Graduation

1. The recipient must commit to working for Frederick Health as a Registered Nurse full time for a period of no less than 24 months. The recipient must apply for positions no later than 10 days after all requirements have been met (including course work, internships, and licensing) making the recipient eligible for work as a Graduate Nurse or Registered Nurse. This work may be in any nursing department and shift that is available.

2. The recipient understands that is not the obligation of Frederick Health to employ the recipient for any length of time. The employment (and continued employment) of the recipient is contingent upon a position opening at the time of graduation and satisfactory performance while on the job. However, if any position is open for a Registered Nurse the recipient must apply for that position and considered with other applicants, or terms of this agreement will be considered breached. In addition, if the position is offered to the recipient, the recipient has the obligation to accept the position. If the position is offered and not accepted, the terms of this agreement will be considered breached.

Frederick Health Responsibilities

1. Frederick Health agrees to review all applications objectively and without prejudice.
2. Upon satisfactory proof of enrollment to an approved school, the Hospital agree to pay up to Amounts listed in page 1 per year for the bills to include tuition, books, and lab fees. An acceptance letter is required before the first tuition bill is paid, and a class schedule and grade report are required before the tuition bill is paid each semester thereafter.
3. Frederick Health agrees to consider the agreement obligations met if none of the obligations of the recipient are breached.
4. Frederick Health recognizes that the agreement is null and void if the terms are breached in any way.

In the Event of a Breach of Contract

If the recipient fails to fulfill any of the agreed upon obligations and/or responsibilities, the contract is considered null and void. At that time, Frederick Health is relieved of all prior commitments to the recipient. The recipient is required to pay back all money paid by Frederick Health for the education of the recipient, plus up to 10% per annum accounting from the date the Hospital notifies the recipient of the amount the Hospital will be reimbursed. The recipient will begin a monthly payment plan to Frederick Health for the costs incurred by the Hospital. The monthly payment will be determined by the total funds expended on behalf of the recipient to date from Frederick Health.

At the time of a breach of contract, the funds are considered a loan and will be treated as such. Frederick Health will report this as a debt to the credit bureau. A late or missed payment will be reported to the credit bureau.
