SECTION 1: Identification

1.1 Product identifier
   - Trade name: BAX® System Protease
   - Product code(s): ASY2012

1.2 Relevant identified uses of the substance or mixture and uses advised against
   - Relevant identified uses: Laboratory and analytical use

1.3 Details of the supplier of the safety data sheet
   - Hygiena USA
     941 Avenida Acaso
     Camarillo California 93012
     United States
   - Telephone: +1 (805) 388-8007
   - Telefax: +1 (805) 388-5531
   - e-mail: info@hygiena.com
   - e-mail (competent person): info@hygiena.com

1.4 Emergency telephone number
   - Emergency information service: 1-888-494-4362
     This number is only available during the following office hours: Mon-Fri 08:00 AM - 05:00 PM

SECTION 2: Hazard(s) identification

2.1 Classification of the substance or mixture
   - Classification acc. to OSHA "Hazard Communication Standard" (29 CFR 1910.1200)
     This mixture does not meet the criteria for classification.

2.2 Label elements
     not required

2.3 Other hazards
   - of no significance

SECTION 3: Composition/information on ingredients

3.1 Substances
   - Not relevant (mixture)

3.2 Mixtures
## SECTION 4: First-aid measures

### 4.1 Description of first-aid measures

**General notes**

Do not leave affected person unattended. Remove victim out of the danger area. Keep affected person warm, still and covered. Take off immediately all contaminated clothing. In all cases of doubt, or when symptoms persist, seek medical advice. In case of unconsciousness place person in the recovery position. Never give anything by mouth.

**Following inhalation**

If breathing is irregular or stopped, immediately seek medical assistance and start first aid actions. Provide fresh air.

**Following skin contact**

Wash with plenty of soap and water.

**Following eye contact**

Remove contact lenses, if present and easy to do. Continue rinsing. Irrigate copiously with clean, fresh water for at least 10 minutes, holding the eyelids apart.

**Following ingestion**

Rinse mouth with water (only if the person is conscious). Do NOT induce vomiting.

### 4.2 Most important symptoms and effects, both acute and delayed

Symptoms and effects are not known to date.

### 4.3 Indication of any immediate medical attention and special treatment needed

none

## SECTION 5: Fire-fighting measures

### 5.1 Extinguishing media

**Suitable extinguishing media**

Water spray, BC-powder, Carbon dioxide (CO2)

**Unsuitable extinguishing media**

Water jet
5.2 **Special hazards arising from the substance or mixture**

Hazardous combustion products
- Carbon monoxide (CO), Carbon dioxide (CO2)

5.3 **Advice for firefighters**

In case of fire and/or explosion do not breathe fumes. Coordinate firefighting measures to the fire surroundings. Do not allow firefighting water to enter drains or water courses. Collect contaminated firefighting water separately. Fight fire with normal precautions from a reasonable distance.

**SECTION 6: Accidental release measures**

6.1 **Personal precautions, protective equipment and emergency procedures**

For non-emergency personnel
- Remove persons to safety.

For emergency responders
- Wear breathing apparatus if exposed to vapors/dust/aerosols/gases.

6.2 **Environmental precautions**

- Keep away from drains, surface and ground water. Retain contaminated washing water and dispose of it.

6.3 **Methods and material for containment and cleaning up**

Advice on how to contain a spill
- Covering of drains

Advice on how to clean up a spill
- Wipe up with absorbent material (e.g. cloth, fleece). Collect spillage: sawdust, kieselgur (diatomite), sand, universal binder

Appropriate containment techniques
- Use of adsorbent materials.

Other information relating to spills and releases
- Place in appropriate containers for disposal. Ventilate affected area.

6.4 **Reference to other sections**

- Hazardous combustion products: see section 5.
- Personal protective equipment: see section 8.
- Incompatible materials: see section 10.
- Disposal considerations: see section 13.

**SECTION 7: Handling and storage**

7.1 **Precautions for safe handling**

Recommendations
- Measures to prevent fire as well as aerosol and dust generation
  - Use local and general ventilation. Use only in well-ventilated areas.

Advice on general occupational hygiene
- Wash hands after use. Do not eat, drink and smoke in work areas. Remove contaminated clothing and protective equipment before entering eating areas. Never keep food or drink in the vicinity of chemicals. Never place chemicals in containers that are normally used for food or drink. Keep away from food, drink and animal feedingstuffs.
7.2 **Conditions for safe storage, including any incompatibilities**

Control of the effects

Protect against external exposure, such as

Frost

7.3 **Specific end use(s)**

See section 16 for a general overview.

## SECTION 8: Exposure controls/personal protection

### 8.1 Control parameters

#### Occupational exposure limit values (Workplace Exposure Limits)

<table>

</table>

**Notation**

- appx-D: see Appendix D - Substances with No Established RELs
- Ceiling-C: ceiling value is a limit value above which exposure should not occur
- mist: inhalable fraction
- r: respirable fraction
- STEL: short-term exposure limit: a limit value above which exposure should not occur and which is related to a 15-minute period (unless otherwise specified)
- TWA: time-weighted average (long-term exposure limit): measured or calculated in relation to a reference period of 8 hours time-weighted average (unless otherwise specified)

</tbody>
</table>

### 8.2 Exposure controls

**Appropriate engineering controls**

General ventilation.

**Individual protection measures (personal protective equipment)**

**Eye/face protection**

Wear eye/face protection.
Skin protection

- Hand protection
  Wear suitable gloves. Chemical protection gloves are suitable, which are tested according to EN 374. Check leak-tightness/impermeability prior to use. In the case of wanting to use the gloves again, clean them before taking off and air them well. For special purposes, it is recommended to check the resistance to chemicals of the protective gloves mentioned above together with the supplier of these gloves.

- Other protection measures
  Take recovery periods for skin regeneration. Preventive skin protection (barrier creams/ointments) is recommended. Wash hands thoroughly after handling.

Respiratory protection

In case of inadequate ventilation wear respiratory protection.

Environmental exposure controls

Use appropriate container to avoid environmental contamination. Keep away from drains, surface and ground water.

SECTION 9: Physical and chemical properties

### SECTION 10: Stability and reactivity

**10.1 Reactivity**
Concerning incompatibility: see below "Conditions to avoid" and "Incompatible materials".

**10.2 Chemical stability**
The material is stable under normal ambient and anticipated storage and handling conditions of temperature and pressure.

**10.3 Possibility of hazardous reactions**
No known hazardous reactions.

**10.4 Conditions to avoid**
There are no specific conditions known which have to be avoided.

**10.5 Incompatible materials**
Oxidizers

**10.6 Hazardous decomposition products**
Reasonably anticipated hazardous decomposition products produced as a result of use, storage, spill and heating are not known. Hazardous combustion products: see section 5.

### SECTION 11: Toxicological information

**11.1 Information on toxicological effects**
Test data are not available for the complete mixture.

**Classification procedure**
The method for classification of the mixture is based on ingredients of the mixture (additivity formula).

**Classification acc. to OSHA "Hazard Communication Standard" (29 CFR 1910.1200)**
This mixture does not meet the criteria for classification.
Acute toxicity
   Shall not be classified as acutely toxic.

Skin corrosion/irritation
   Shall not be classified as corrosive/irritant to skin.

Serious eye damage/eye irritation
   Shall not be classified as seriously damaging to the eye or eye irritant.

Respiratory or skin sensitization
   Shall not be classified as a respiratory or skin sensitizer.

Germ cell mutagenicity
   Shall not be classified as germ cell mutagenic.

Carcinogenicity
   Shall not be classified as carcinogenic.

Reproductive toxicity
   Shall not be classified as a reproductive toxicant.

Specific target organ toxicity - single exposure
   Shall not be classified as a specific target organ toxicant (single exposure).

Specific target organ toxicity - repeated exposure
   Shall not be classified as a specific target organ toxicant (repeated exposure).

Aspiration hazard
   Shall not be classified as presenting an aspiration hazard.

SECTION 12: Ecological information

12.1 Toxicity
   Shall not be classified as hazardous to the aquatic environment.

12.2 Persistence and degradability
   Data are not available.

12.3 Bioaccumulative potential
   Data are not available.

12.4 Mobility in soil
   Data are not available.

12.5 Results of PBT and vPvB assessment
   Data are not available.

12.6 Endocrine disrupting properties
   None of the ingredients are listed.

12.7 Other adverse effects
   Data are not available.
SECTION 13: Disposal considerations

13.1 Waste treatment methods
   
   Sewage disposal-relevant information
   Do not empty into drains. Avoid release to the environment. Refer to special instructions/safety data sheets.

   Waste treatment of containers/packages
   Completely emptied packages can be recycled. Handle contaminated packages in the same way as the substance itself.

   Remarks
   Please consider the relevant national or regional provisions. Waste shall be separated into the categories that can be handled separately by the local or national waste management facilities.

SECTION 14: Transport information

14.1 UN number
   not subject to transport regulations

14.2 UN proper shipping name
   not assigned

14.3 Transport hazard class(es)
   not assigned

14.4 Packing group
   not assigned

14.5 Environmental hazards
   non-environmentally hazardous acc. to the dangerous goods regulations

14.6 Special precautions for user
   There is no additional information.

14.7 Transport in bulk according to Annex II of MARPOL and the IBC Code
   The cargo is not intended to be carried in bulk.

   Information for each of the UN Model Regulations
   Transport of dangerous goods by road or rail (49 CFR US DOT) - Additional information
   Not subject to transport regulations.

   International Maritime Dangerous Goods Code (IMDG) - Additional information
   Not subject to IMDG.

   International Civil Aviation Organization (ICAO-IATA/DGR) - Additional information
   Not subject to ICAO-IATA.

SECTION 15: Regulatory information

15.1 Safety, health and environmental regulations specific for the product in question
   National regulations (United States)

   Superfund Amendment and Reauthorization Act (SARA TITLE III)
   - The List of Extremely Hazardous Substances and Their Threshold Planning Quantities (EPCRA Section 302, 304)
     none of the ingredients are listed
Specific Toxic Chemical Listings (EPCRA Section 313)
none of the ingredients are listed

**Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA)**
- List of Hazardous Substances and Reportable Quantities (CERCLA section 102a) (40 CFR 302.4)
  none of the ingredients are listed

**Clean Air Act**
none of the ingredients are listed

**Right to Know Hazardous Substance List**
- Hazardous Substance List (NJ-RTK)

### Key literature references and sources for data

### Classification procedure

Physical and chemical properties: The classification is based on tested mixture.

Health hazards, Environmental hazards: The method for classification of the mixture is based on ingredients of the mixture (additivity formula).

### Disclaimer

This information is based upon the present state of our knowledge. This SDS has been compiled and is solely intended for this product.
