

# The world's most trusted exams for higher education admissions

Discover why our exams are welcomed by over 25,000 institutions

## Reducing barriers to admissions

Millions of students around the world have achieved our qualifications through their school studies. Accepting our exams means these students may not need to take another assessment for their application.

## The experts in English

Cambridge English Qualifications are developed by experts from the University of Cambridge, the same team behind IELTS. Our exams are backed by decades of cutting-edge research to ensure they continue to be fit for purpose.

## Better prepared applicants

Cambridge English Qualifications are connected to the curriculum. This means our exams support students to demonstrate deeper and sustained learning and proficiency. Successful candidates develop the in-depth skills and confidence they need to deal with academic challenges and benefit from better employment prospects.
