

The path to their future

Where your world grows

We surveyed nearly 6,000 teachers and headteachers from 109 countries to gather their opinions on the impact of Cambridge English Qualifications on teaching and learning.

88%

of them agree that Cambridge English Qualifications provide a clear curriculum framework to follow.

We are Cambridge University Press & Assessment, a department of the University of Cambridge specialising in English language teaching and assessment.

We believe that learning English can be an enriching, efficient and rewarding process. That's why, alongside the teaching community and our partners and allies, we help millions of students learn English and prove their skills to the world, enabling them to connect, communicate and bridge distances.

English Qualifications

Together, we make the best team

Cambridge English Qualifications

Our exams are specifically designed for school-aged students and are backed by research on how students develop their language skills. By working towards regular milestones, their confidence and motivation grow with each achievement.

Teacher Training and Development

Better teaching leads to better results, which is why we support teachers every step of the way. As a leading global provider of certifications and qualifications for English teachers, we offer a wide range of training and support to help teachers continue developing their professional skills.

Support for Teachers and Students

With our expertise and knowledge in assessment, we provide a wide range of resources and materials to teachers preparing their students for our exams. The best support, always at hand.

Prepare your students to advance with confidence

Cambridge English Qualifications help students develop their language skills and improve their English step by step. With your help, they will know how to prepare well before the exam to achieve their goals.

BENEFITS

Consolidate their knowledge

Each exam level reinforces what was learnt at the previous level and helps students develop the skills and confidence to progress further.

Boost their motivation

With Cambridge English Qualifications, students have clearer, more achievable short-term goals. Achieving these goals motivates them to keep going.

Bring them closer to the real world

By using real English, students develop communication skills they can use in their everyday lives, both inside and outside the classroom, for their studies, travels and future careers.

Expand their opportunities

It prepares them to continue their studies in an international context or as part of a bilingual education.

Prestige and recognition

Students can earn a prestigious qualification that is recognised and accepted worldwide.

Make your school a centre for excellence

Being an official Cambridge English preparation centre is a mark of quality that provides visibility and gives you access to a wide range of benefits for your teachers, your students and their families.

BENEFITS

80%

of teachers and headteachers agree that Cambridge exams help enhance the level of education.

Cambridge English Qualifications:

Annual planning

You will have a precise schedule for teaching and preparing our exams, as well as for promoting Cambridge English Qualifications to new students and their families.

Marketing materials

You will have brochures, videos, letters and many more resources that you can use quickly and easily, as well as posters to display in your centre.

Teaching materials

We offer an extensive range of materials that will support teachers and families in assisting students both inside and outside the classroom.

Exam preparation

When the time comes, we will help ensure that your students are fully prepared, register them for their exam and explain their scores afterwards.

Celebrating success

We provide everything you need to promote and organise an award ceremony, where your students will feel rewarded and proud of their achievements.

Support for all, at every level

With the right support, learning English is an exciting journey. We provide a wide variety of educational materials based on research into how students of different ages learn best. With these resources, your students can enhance their English skills both inside and outside the classroom.

01 Expert support

We help your teachers stay up to date with the latest developments in English language teaching and learning, and provide them with everything they need to know about our exams. We regularly conduct seminars, webinars and events attended by thousands of teachers worldwide, offering opportunities to explore ideas for the classroom.

02 Official preparation materials for Cambridge English Qualifications

We offer a comprehensive range of official support materials developed by Cambridge University Press & Assessment, available through mobile apps, as online resources, as well as in print format. All of them are based on the Cambridge English Corpus.

03 Classroom resources

Our extensive range of resources assist teachers in delivering the best possible preparation for their students. We provide lesson plans, classroom activities, sample papers and teacher handbooks, along with a monthly newsletter filled with new tips, activities and ideas for exam preparation.

04 Information and resources for parents

Families play a crucial role in their children's learning journey, and we assist them by offering user-friendly activities, advice and suggestions that can easily be incorporated at home or on the go.

05 Online learning activities

Our free activities are used by approximately 10 million students each year. These activities are divided into the levels of the CEFR (Common European Framework of Reference) and help students practise the four skills assessed in our exams, following the communicative approach of our qualifications.

06 Social media and games

Our social media channels have millions of followers, and our Facebook pages are among the top 10 worldwide in the education category. There, our followers find a wealth of interesting facts, quizzes, activities, videos, learning tips and games designed to help students improve their English in a fun way.

And more help for those who help most

We assist teachers in developing the skills and confidence they need to teach effectively every step of the way, while providing them with qualifications that demonstrate their capabilities.

01 Teaching qualifications

As the creators of CELTA and DELTA, we have been working with teachers for years to help develop their theoretical knowledge and practical skills. Teachers gain confidence with certifications recognised as the international standard in language teaching, respected and valued by companies worldwide.

95%

of teachers and headteachers agree that preparing for Cambridge exams improves their students' English proficiency.

02 Cambridge English Teaching Framework

Our teaching framework for professional development supports teachers at every stage of their career with training suggestions for enhancing their individual competencies, knowledge and skills. Our framework defines skill levels and provides a clear progression pathway.

03 Backed by a large international community

Teachers can connect with education professionals from around the world, share ideas and pool knowledge through our webinars and social networks.
