

We'll play the music —you amp up the crowd

Custom Music for Live Events

Elevate your attendee experience with our comprehensive, yet simple, custom music service. Background music is a key element in the event environment, setting the tone for an engaging experience.

Whether you want to pump up the energy in your general session, or create a more relaxed vibe during your gala, Encore Music can help you deliver the perfect playlist to engage your attendees and enhance the mood of your next event while ensuring compliance with licensing and royalties.

Music is a mood setter. It can make people happy, get them excited, inspire them to think differently, and even enhance a relaxed setting.

How do you want to make people feel at your next event?

- Encore Music is a great solution for all your meetings, events and social gatherings
- Over 1000 curated music playlists to choose from — all licensed and compatible for use in event venues
- Choose from custom collections or create your own from the music library
