FALL 2016

DESIGN. CLICK. DELIVERED.®

TO THE TRADE

This season at CuratedKravet.com, we are all about “new” – new site design, new programs, new product, and new designers. It’s been an exciting ride so far, and we are thrilled to continue along this journey with you.

New Site Design

Geared toward making your shopping experience even better, the new site design lends itself to easier navigation, mobile capabilities to shop on-the-go, and product filters for more specific searching.

New Programs

The incredible success of our Ready to Ship upholstery program has led to even more options for custom quality furniture fast. We’ve added exciting new frames including a headboard, recamier, sleeper sofa, bench, and new fashion-forward fabric styles for the popular Cross Stool.

New Product

All new bedding ensembles, an expanded art collection, and new product across all categories for the home are also being introduced this season.

New Designers

We are excited for a new feature called Style Swap, which highlights designs from some of our favorite designers with style picks straight from the CuratedKravet.com collection to “get the look”.

Be on the lookout for all that is new throughout the coming months as we continue to roll out exciting introductions.
