

# Mirlon<sup>®</sup> + Mirlon Total<sup>®</sup>

Flexible, abrasive-coated scuff pads and discs for contoured surfaces

**Mirlon<sup>®</sup> and Mirlon Total<sup>®</sup> are durable three-dimensional fiber pads ideal for matting surfaces, creating a perfect base for the next layer of paint or coating.**

Designed for fine sanding and pre-finishing steps on metal, fiberglass, plastic, and painted surfaces, Mirlon<sup>®</sup> and Mirlon Total<sup>®</sup> can flex to scuff even hard-to-reach areas. Discs are ideal for random orbital sanders, and with Mirka's unique net interface, for dust-free sanding.

## KEY FEATURES:

- Consistent coating of abrasive grains produces a uniform scratch pattern
- Double-sided, non-woven pads for scuffing, sanding, blending, and denibbing
- Pads draw in and collect dust
- Use for hand and machine sanding
- For use in wet or dry applications
- Color coded to ease selection of grits

**Mirlon Total<sup>®</sup> features all the above, plus:**

- Total Coating<sup>™</sup> Technology - every fiber is coated with grit
- More aggressive than Mirlon with a fast, dense scratch pattern

## APPLICATIONS:

**Automotive Refinishing**

**Composite Processing**

**Industrial**

**Marine Industry**

**Woodworking**
