

Gold Film

Long-lasting, film backed abrasives for fine finishing

Gold Film is a flexible and durable material suited for high-speed sanding in a variety of applications.

Designed for fine finishing, Gold Film produces a consistent scratch pattern that is easy to polish out. The smooth film backing is pliable for sanding contours. Gold Film resists clogging and pill-forming for optimal sanding results. This makes Gold the TRUE standard.

KEY FEATURES:

- Aluminum oxide grains deliver a fast and long-lasting cut
- High strength resin bonding provides superior grain support
- Special stearate coating maximizes resistance to loading
- Semi-open coat produces an even, consistent scratch pattern
- Tear-resistant to outlast paper
- Multifit options work with any grip backing pad - no need to align with holes

APPLICATIONS:

-  **Automotive Refinishing**
-  **Composite Processing**
-  **Marine Industry**
-  **Woodworking**

Multifit™ – Universal hole patterns

- Use with any dust-free tool and backing pad
- Fast disc replacement – no need to align holes
- More holes for better dust extraction
