

Dust Extractor

Professional HEPA dust extractor

A key component of Mirka's dust-free systems

Whatever you're sanding, extracting dust as you go results in a better finish. Mirka's DE-1230 Dust Extractors connect to both electric and pneumatic tools that, along with our net or multi-hole abrasives, give you a complete dust-free sanding experience. The dust extractors run only when the sander starts, saving wear on the motor. The powerful motor and turbine create a robust air flow. Plus, the Dust Extractors act as the base for toolbox, hose, and cable storage, and the rugged wheels allow for orderly transport and maneuverability of the system.

KEY FEATURES:

- HEPA filter traps fine dust
- Choose Push to Clean (PC) or Auto Filter Cleaning (AFC)
- Fleece dust bag included
- Mirka antistatic hoses sold separately

APPLICATIONS:

-  Automotive Refinishing
-  Composite
-  Construction & Decoration
-  Industrial
-  Marine Industry
-  Transportation
-  Woodworking

Dust Extractor

Technical Specifications

Part Numbers	DE-1230-PC, DE-1230-AFC
Volts	110 – 120 V ~
Frequency	60 Hz
Air Flow	159 cfm
Vaccum	250 mbar
Volume	8 Gal. (30 l)
Weight	32 lbs.
Power Output	1000 W
Sound Pressure	62 dB
Noise, Lpa	59 dB

Easily Accessible Flat Filter

Filter can easily be reached through an opening in the back.

Storage

The flat top gives space for storage cases.

High Volume Container

8 gallons for applications where a lot of material is extracted.

Large wheels

Easy maneuverability on uneven surfaces.

High Performance Motor & Turbine

1000 W motor and 1-stage turbine creates 250 mbar pressure and 159 cfm airflow.

Filter Cleaning

Choose from Automatic Filter Cleaning (AFC) or Push & Clean (PC) models.

Hose storage

The hose is always ready for use.

Air intake filter

Longer lifetime of motor.

AutoStart function

Dust Extractor runs only when the power tool is running.

HEPA Filter

The HEPA (High Efficiency Particulate Air) filter improves filtration.

Hose Inlet Plug

Eliminates the risk of dust leaking out during transportation.
