

Novastar® Flex

Novastar® Flex – ultra-flexible hand sanding sheets

Designed for complex contours, Novastar Flex sheets fold cleanly without cracking, wrinkling, or forming sharp edges. Easy-to-use features include color-coded grits and center perforation.

- Consistent scratch pattern for a superior surface finish
- Strong and flexible film backing
- Improved stearate coating prevents loading, pilling, and loss of grains
- Tough aluminum oxide grains for fast cutting
- Pair with optional hand pad accessory for added comfort and control
