

# ENERGY STAR® APPROVED PRODUCTS

**ENERGY STAR®** is a U.S. Environmental Protection Agency voluntary program that helps businesses and individuals save money and protect our climate through superior energy efficiency. Products that earn the ENERGY STAR label are independently certified to save energy, save money and protect the environment.

EiKO offers a wide range of ENERGY STAR certified lighting products – including Downlight Kits, General Purpose A-Line and Decorative Lamps, and Recessed PAR, BR and MR16 lamps. Not only do they provide instant energy savings vs. legacy incandescent lamps, they enable end-users to access rebates and special offers from local utilities for their use of efficient products.
