CONTROL

PORTABLE SANITARY STORAGE SYSTEM

Optimum Cleaning and Sanitary Storage

- Cleaning solutions, dust and dirt, insects, rodents and employee fingers cannot contaminate glasses or dinnerware from the sides.
- Clean glassware once in this entirely closed system and eliminate the need for expensive plastic wrap or vinyl covers.
- Rewashing is eliminated which reduces the cost of labor, water, chemical expenses, utilities, and setup time.
- Less rewashing and handling reduces breakage and replacement costs.

CLOSED WALLS GUARANTEE GLASSES STAY CLEAN UNTIL THEY ARE NEEDED AGAIN

Thoroughly Clean, Completely Dry

- Open walls increase operational cost from rewashing glasses, increase cost of water, chemicals, utilities, labor, and replacement cost of glassware.
- Ensures water and chemicals stay inside and circulate for thorough cleaning.
- Customers are served clean dishes and sparkling glassware every time.

EASY HANDLING AND SAFE STACKING

Easy to Handle and Safe to Stack

- When picking up Camrack Washcrates, employees' fingers cannot go through closed walls and break fragile glassware, reducing breakage, risk of injury, and cross contamination.
- Camrack Washcrates interstack with washcrates from major washcrate manufacturers.
- Easy-to-grip handles on all four sides offer comfortable, safe ergonomic handling and lifting.
- Smooth sides and rounded corners reduce risk of injury and improves stacking & handling.
- Smooth top edge facilitates easy stacking.

INVENTORY CONTROL

Color Code Inventory Management System

Cambro also offers hot stamping and a variety of colors for base washcrates to quickly identify contents of the washcrates for fast inventory management.

- Color Coding Base Washcrates
Save time and labor with the base washcrate color system. With 5 base colors and one extender color, the color coding options will help employees quickly distinguish between a stack of water glasses or wine glasses at a quick glance.
- Hot Stamping Options
One color hot stamping tells employees what type of glassware is in the Camrack Washcrate with a simple image or description. Choose among 30 standard hot stamp symbols and/or descriptions. Logos can also be added to endorse branding.

For more information about Cambro products, contact your Distributor, Cambro Sales Representative or the Cambro Customer Service Department.

Versa Dish Caddies™

Offers secure, high capacity storage to protect both square and round plates. Five column design has a 20% greater plate capacity than most comparable dish caddies.

S-Series Adjustable Dish Caddy

Store one size dish or a combination of different sizes in a single caddy. Features easy-to-adjust column tower.

Utility Cart

All-purpose utility cart holds up to 180 KG. Each shelf holds a full-size washcrate or two standard bus boxes.

Cambro Camrack Washcrate System saves time, money and improves operational efficiency.

TRUST CAMBRO:

Camrack Washcrates have been circulating in hotels, restaurants and catering businesses around the world for over ten years, saving time, money and resources. Operators know that Camrack Washcrates will keep their glassware as well as their customers safe. With a wide variety of compartment options, the complete Camrack Washcrate 4-in-1 system provides a fully-enclosed, portable sanitary storage unit. Eliminate the need to rewash glassware or to purchase plastic wrap. Camrack Washcrates offer a sanitary, economical and environmentally friendly option that will continue to show its return on investment wash after wash. Contact your local rep for a Free Return On Investment quotation and future savings.

Camrack® Washcrate Cover

- Create a self-contained, portable sanitary storage system.
- Fits any height or stack of washcrates.
- Eliminate cross contamination and rewashing from plastic wrap or vinyl covers.
- Keeps contamination, insects and rodents out!

Camdollies® for Washcrates

- Reduce employee lifting and carrying, reducing possible injury and breakage.
- Made of extremely durable plastic that will not dent, crack, rust or corrode.
- Heavy-duty casters maneuver easily over all types of terrain.
