## SAFE HANDLING

### Virtually Unbreakable

- Cambro food pans are made from durable polycarbonate that will not crack, bend or dent. Safe for food contact.
- Polycarbonate pans maintain their shape, even under heavy use.
  - » Improved employee safety. No sharp edges results in fewer injuries and cuts for safe hygienic handling, reducing the risk of cross contamination.
  - » Safe stacking during storage; no bent corners ensure that pans do not stick or wedge together.
  - » Pans sit flat on prep and buffet tables unlike steel pans with bent corners.
  - » Polycarbonate makes less noise and is quieter than stainless pans.

## EASY PRODUCT IDENTIFICATION

### Clear Identification

- Crystal clear polycarbonate promotes easy inventory control and management.
- Identify contents from a distance, from both the side or top of the food pan.
- Saves time, labor, and reduces waste.

## ENHANCED MERCHANDISING

### Enhanced Merchandising and Presentation of Food

- Camwear Polycarbonate pans are ideal for displaying food.
- Available in clear, white and black to enhance appearance of menu items.
- Provides a more professional and tasteful presentation to metal pans.

## EASY TO CLEAN

### Easy to Clean

- Camwear polycarbonate pans have a smooth, non-stick surface that is easy to clean.
- Increases food yield by over 20% compared with Stainless Steel pans, reducing food waste.
- Resistant to staining from chemicals and food acids.
- Dishwasher safe, providing labor and energy savings.

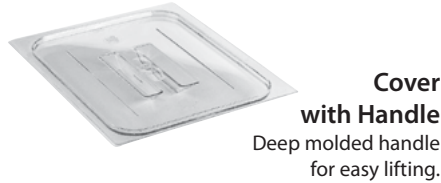

## Camwear® Polycarbonate Cambro Covers

Cambro offers the widest range of food pan covers for improved food safety and product freshness.

### Flat Cover

Basic cover for all sizes of food pans.

### Cover with Handle

Deep molded handle for easy lifting.

### Notched Cover with Handle

Allows utensils to remain in pan and off of potentially contaminated counters.

### FlipLid®

Keeps content covered yet flips up easily for service.

### Notched FlipLid®

Spoon rests in contents with lid closed.

### Seal Cover

Economical cover.

### GripLid®

Lid "grips" the side of the food pan for superior spill control.

**Camwear polycarbonate food pan covers improve food safety, and save on time and labor.**

# TRUST CAMBRO:

Cambro is the only global foodservice plastics manufacturer positioned to deliver high quality, proven and durable products from five manufacturing plants located on three continents. We service our customers from four distribution centers throughout the world.

To ensure food safety and product quality to our customers, Cambro uses only the highest grade, food safe raw materials. We use the exact same specification of Polycarbonate material throughout our manufacturing operations worldwide. We are experts in molding and have been manufacturing products in our factories for over 50 years. We control all factors throughout the manufacturing process. This ensures that all products are produced in a food safe manufacturing environment. Our Quality Department audits the entire manufacturing process, beginning with the raw materials used all the way through to finished products. Cambro stands behind every product we manufacture with both our product warranty and liability insurance. We also have available Material Safety Data Sheets for all materials we utilize in the manufacturing process.

## Does your imported product provide the following?

- Product Warranty
- Product Liability Insurance
- MSDS Information
- Country/Manufacturer Origin
- Date of Manufacture Stamp on Products
- Quality Processes/Standards
- Food Grade Level of Resins/Raw Materials
- Consistent on Time Delivery of Multiple Product Categories
- Food Safe Manufacturing Environment
- Compliant with Child Labor Laws

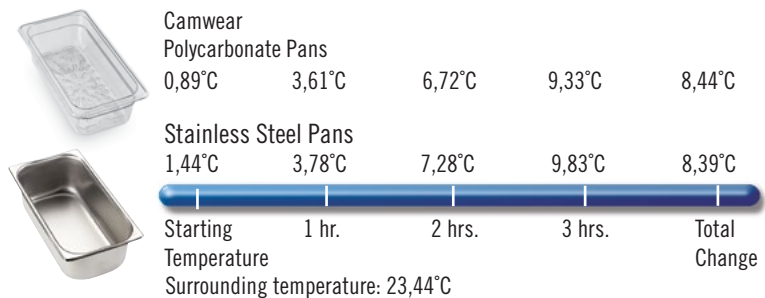

## Polycarbonate Colander Pans and Drain Shelves

- Enhances food quality as liquids drain into the food pan below, away from foods.
- Reduces risk of contamination through reduced product handling.
- Available in two depths:
  - 7,6 cm deep
  - 12,7 cm deep
- Flat covers, covers with handles and notched covers with handles fit on colander pans.
- Colander pans available in GN 1/1, 1/2, 1/3 and 1/6 sizes.
- Drain shelves support products and promote drainage.
- Available in all food pan sizes.

## Camwear Polycarbonate Food Pans Keep Products as Cold as Stainless Steel.

Lower initial investment cost vs. cost of stainless steel. Lower replacement costs vs. steel pans.
